*Finding Freedom* Donna J. Stundahl, 2015-01-29 Do you ever feel like you're wandering in a wilderness alone Are you searching for the same freedom the children of Israel sought only to find oppression at every turn Are you looking for a life filled with promise only to be repeatedly disappointed You are not alone We are all on a journey from slavery to sin to the ultimate Promised Land in Heaven where we will be free Everything in between is a wilderness experience Moses expounded on freedom in the wilderness He explained exactly where to find it and how to get there He clearly spoke to the Jew and the foreigner The question is Does He speak to the Christian as well In her book *Finding Freedom* Dr Stundahl will wander through the wilderness of Deuteronomy and explore the Hebraic roots of Christianity *Finding Freedom* reveals the concepts of the Torah assembled in the same format in which they were studied by the Jewish communities since the Babylonian exile These concepts include humility idolatry evil speech teaching learning remembering and listening The analysis of each portion of the Torah considers its applicability to the life of a Christian As the history of Christianity and the Jewish elements of the Gospel are discovered the shadows of Jesus Christ are revealed Wherever you are in the wilderness of your life you too can find the freedom intended just for you Experience the reading the writing and the dance of the Torah **Devoted** Arron Chambers, 2014-09-01 Being a disciple of Jesus is an issue of devotion rather than duty Before Peter began the most important act of his life discipleship Jesus didn't ask him How many chapters of the Torah did you read today or Are you attending services at the synagogue each week or Did you give your tithe today No before Peter began his journey of discipleship Jesus asked him Do you love Me Arron Chambers thinks that we are asking new disciples of Christ the wrong questions and that it's time to start truly following the example of Christ by asking of disciples what Christ asked of Peter devotion not duty In *Devoted* Arron presents a new paradigm for discipleship falling in love with Jesus This approach to discipleship emphasizes passion for Jesus as opposed to a plan for following Jesus *Questioning the Bible* Jonathan Morrow, 2014-07-15 The Bible is the most influential book in human history But what are we supposed to do with it in the 21st century And even more importantly can it still be trusted as the Word of God Confusion and doubt about the Bible are becoming as common inside the church as they are outside Questions come from all sides Is the Bible anti intellectual Has the biblical text been corrupted over the centuries Who really chose the books of the Bible and why Which interpretation of the Bible is correct Are the gospels full of contradictions There are an unprecedented number of sophisticated attacks on the origin credibility and reliability of the Bible today Secularism has tried to undercut even the possibility of spiritual or moral knowledge Skepticism toward institutional religion is at an all time high Yet the Bible claims that truth is knowable and God is actively involved in our world What are we to do Pray for wisdom Think clearly Pick up your Bible Read through the 11 major challenges presented in these pages And be ready **China's Geo-Strategy and International Behaviour** Col Akshaya Handa, 2014-05-01 Geography confers advantages and imposes restrictions on regions Regional powers over the

millennia leverage the former and aim to overcome the latter to maximize their gains Such behaviour has been more consistent than political or religious ideologies This can be seen in turmoil in Pakistan despite religious homogeneity and the failure of the erstwhile USSR China Vietnam axis at the height of Cold War despite similar ideology and structures Likely emergence of China as a global power has placed its neighbours on the horns of dilemma where some portray it as expansionist and hegemonistic power others believe it to be an engine for economic rise The challenge of managing China would require understanding its long term goals and likely means it would employ to achieve them The process initiated by Deng Xiaoping has made China an economic giant which many believe is Communist only in name Even while the Third Plenum of November 2013 seeks to strengthen the process it also has recognized vulnerabilities in society which have the potential of causing internal collapse The book aims to understand China s geographical advantages and restrictions along with its history and economic structure the themes that emerge are important indicators to understand its Geo Strategy China s international behaviour of the last few decades not only validates these but also points to the means that China is employing to achieve its aim Important lessons thus emerge for managing partnership with China
