Hence the prominence of constructed response questions in standardized testing. In this refreshingly clear and upbeat guide, literacy consultant Nancy Boyles gives a step by step demonstration of how to help students achieve success with this task and in the process of unpacking the steps involved demonstrates how the instruction can inspire teachers' creativity as well as deepen students' literacy skills. Filled with ready to use scaffolds for every stage of instruction, sets of sample questions, anchor charts, cue cards, answer frames, this is a one stop resource for teaching students how to organize their thoughts about what they've read and then set them down in writing.
