Last Stand English Edition:

Myanmar, the last stand (English version) Frédéric Debomy, 2023-02-01 X Now or Never Is everything will be ok Fr d ric Last Stand of the Louisiana Shrimpers Emma Christopher Lirette, 2022-08-24 In recent years shrimpers on the Louisiana coast have faced a historically dire shrimp season with the price of shrimp barely high enough to justify trawling Yet many of them wouldn't consider leaving shrimping behind despite having transferrable skills that could land them jobs in the oil and gas industry Since 2001 shrimpers have faced increasing challenges to their trade an influx of shrimp from southeast Asia several traumatic hurricane seasons and the largest oil spill at sea in American history In Last Stand of the Louisiana Shrimpers author Emma Christopher Lirette traces how Louisiana Gulf Coast shrimpers negotiate land and blood sea and freedom and economic security and networks of control This book explores what ties shrimpers to their boats and nets Despite feeling trapped by finances and circumstances they have created a world in which they have agency Lirette provides a richly textured view of the shrimpers of Terrebonne Parish Louisiana calling upon ethnographic fieldwork archival research interdisciplinary scholarship and critical theory With evocative lyrical prose she argues that in persisting to trawl in places that increasingly restrict their way of life shrimpers build fragile quietly defiant worlds adapting to a constantly changing environment In these flickering worlds shrimpers reimagine what it means to work and what it Humanity's Last Stand Mark Schuller, 2021-01-15 Foreword by Cynthia McKinney Introduction means to make a living Careening toward extinction We re all in this together Dismantling white supremacy Climate justice versus the anthropocene Humanity on the move justice and migration Dismantling the ivory tower The Wehrmacht's Last Stand Robert M. Citino, 2020-07-09 By 1943 the war was lost and most German officers knew it Three quarters of a century later the question persists What kept the German army going in an increasingly hopeless situation Where some historians have found explanations in the power of Hitler or the role of ideology Robert M Citino the world's leading scholar on the subject posits a more straightforward solution Bewegungskrieg the way of war cultivated by the Germans over the course of history In this gripping account of German military campaigns during the final phase of World War II Citino charts the inevitable path by which Bewegungskrieg or a war of movement inexorably led to Nazi Germany's defeat The Wehrmacht's Last Stand analyzes the German Totenritt or death ride from January 1944 with simultaneous Allied offensives at Anzio and Ukraine until May 1945 the collapse of the Wehrmacht in the field and the Soviet storming of Berlin In clear and compelling prose and bringing extensive reading of the German language literature to bear Citino focuses on the German view of these campaigns Often very different from the Allied perspective this approach allows for a more nuanced and far reaching understanding of the last battles of the Wehrmacht than any now available With Citino's previous volumes Death of the Wehrmacht and The Wehrmacht Retreats The Wehrmacht's Last Stand completes a uniquely comprehensive picture of the German army's strategy operations and performance against the Allies in World War II Oscar Wilde's Last Stand Philip

Hoare, 2017-01-17 A New York Times Notable Book of the Year that Sir Ian McKellen called a shocking tale of heroes and villains illuminating and upsetting in equal measure The first production of Oscar Wilde's Salom in 1918 with American exotic dancer Maud Allan dancing lead ignited a firestorm in London spearheaded by Noel Pemberton Billing a member of Parliament and self appointed guardian of family values Billing attacked Allan in the right wing newspaper Vigilante as a member of the Cult of the Clitoris a feminine version of the Cult of the Wilde a catchall for the degeneracy and perversion he was convinced had infected the land He claimed that a black book was in the hands of their enemies the Germans a book that contained the names of thousands of the British establishment who without doubt were members of the cult Threat of exposure was costing England the war Allan sued Billing for libel and the ensuing trial brought to life in this authoritative spellbinding book held the world in thrall Was there or was there not a black book What names did it contain The trial was both hugely entertaining and deadly serious and raised specters of hysteria homophobia and paranoia that like Oscar Wilde himself continue to haunt us As in Wilde's own trial in 1895 libel was hardly the issue the fight was for control over the country's moral compass In Oscar Wilde's Last Stand biographer and historian Philip Hoare gives us the full drama of the Billing trial gavel to gavel and brings to life this unique bizarre and fascinating event Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home The Last Stand of the Gorilla C. Nellemann, Ian Redmond, Johannes Refisch, 2010 Gorillas the largest of the great apes are under renewed threat across the Congo Basin from Nigeria to the Albertine Rift Poaching for bushmeat loss of habitat due to agricultural expansion degradation of habitat from logging mining and charcoal production are amongst these threats in addition to natural epidemics such as ebola and the new risk of diseases passed from humans to gorillas Alarmingly parts of the region are experiencing intensified exploitation and logging of its forest in some cases even within protected areas In the DRC many of these activities are controlled by militias illegally extracting natural resources such as gold tin and coltan as well as producing charcoal for local communities urban areas camps for people displaced by fighting and sometimes even to communities across the border These militias are located motivated armed and financed directly by this illegal extraction of minerals timber and charcoal A network of intermediaries including multinational companies or their subsidiaries neighbouring countries and corrupt officials are involved in the transportation and procurement of resources which stem from areas controlled by militia or for which no legal exploitation permission exists Re-visiting Female Evil Melissa Dearey, Susana Nicolás, Roger Davis, 2017-08-28 Reflecting current trends in scholarly analysis of evil and the feminine the chapters contained in Re visiting Female Evil focus

upon various re interpretations of evil femininities as a cultural signifier of agency transgression and crisis re interpreting them through rewriting of other stories hermeneutic re interpretations of ancient classical texts and revised film stage adaptations These papers illustrate how gendered cultural myths of women's intrinsic connection to evil still persist in today s patriarchal society though in variant and updated forms Mischievous beguiling seductive lascivious unruly carping vengeful and manipulative from the Disney princess to the murderous Medea these authors grapple with our understanding of what it is to be and do evil exploring the possible sources of the fear and hatred of women and the feminine as well as their continual fascination and appeal and how these manifest in a range of real life and fictional narratives that cross times cultures and Humanity's Last Stand Nicanor Perlas, 2018 The twenty first century is the age of science and technology It will also be the age when humanity confronts for the first time a challenge that may overwhelm and destroy the human species itself in as little as 12 to 20 years from now This is the challenge of artificial intelligence AI Deployed properly AI will confer tremendous benefits to society It is already doing this Deployed inappropriately or mistakenly AI will undermine human civilization as it is also starting to do and could then lead to the extinction of humanity Scientists philosophers and engineers call this latter possibility the existential risk of AI The fate of our future is literally in our hands Nicanor Perlas from the preface Although still in its earliest stages artificial intelligence is radically transforming all aspects of society With the immanent emergence of Artificial Super Intelligence ASI and the illusory temptations of transhumanism humankind stands at a crossroads Nicanor Perlas makes an urgent plea in this book It is imperative he says that we take immediate steps to ensure that digitized technology is aligned to human values and priorities Otherwise ASI will kill the essence of our humanity Furthermore if we do not master it now ASI will transform humanity into its own image ultimately it will destroy the human race AI experts have not offered a single cogent solution to this existential threat Rudolf Steiner however not only foresaw these developments but also provided clear alternatives Steiner who developed a contemporary scientific approach to spirituality provided philosophical ontological and social innovations to save humanity from this technological abyss It is the task of the global anthroposophic movement to pioneer this civilization saving work to establish spiritual scientific ideas in mainstream culture that would allow AI to emerge in a healthier societal context Perlas offers an overview of the AI phenomenon together with its related transhuman concepts of perfecting humanity outlining the critical internal and external responses needed to meet them consciously In particular the author addresses the movement connected to the work of Rudolf Steiner indicating its all important tasks to cooperate with progressive individuals and movements including scientists and civil society activists to mobilize its daughter movements for action and ultimately to cooperate with the spiritual powers that have guided and served humanity since the dawn of time This says Perlas is humanity s last stand Failure is not an option Athenaeum ,1872 Beowulf as Children's Literature Bruce Gilchrist, Britt Mize, 2021-12 Beowulf as Children's Literature brings together a group of scholars and creators to address important issues of adapting the Old

Annual Meeting American Society for Engineering Education, 1916 Caledonia's Last Stand Nat Edwards, 2007 The history alone could not explain the colonys disastrous outcome you really had to stand on the shore of Punta Escoces to realize that the Scots were bound to disaster the moment they chose the site to bear the name Caledonia The bay was a beautiful deadly trap On 2 November 1698 a fleet landed on the Isthmus of Darien to create a colony and launch a new Scottish trading empire Eighteen months later the colony had seen the loss of ten ships almost 400 000 and the lives of 2 000 souls Nat Edwards invites himself to Panama the real life setting for an almost unbelievable 17th century expedition of Scottish hope and adventure His erratic odyssey to find the lost graves of the Scots settlers neatly blends pirates street riots treasure hunters indigenous peoples and killer bees with the astonishing facts he sets out with Nats discoveries are often frustrating occasionally freakish but always fascinating Maize Duccio Bonavia, 2013-05-13 This book examines one of the

thorniest problems of ancient American archaeology the origins and domestication of maize Using a variety of scientific techniques Duccio Bonavia explores the development of maize its adaptation to varying climates and its fundamental role in ancient American cultures An appendix by Alexander Grobman provides the first ever comprehensive compilation of maize genetic data correlating this data with the archaeological evidence presented throughout the book This book provides a unique interpretation of questions of dating and evolution supported by extensive data following the spread of maize from South to North America and eventually to Europe and beyond An Improved Version, Attempted, of the Book of Job; The Committed Reader Robert A. Stebbins, 2013 Committed utilitarian reading is either dominantly practical or more or less equally practical and fulfilling Pleasurable reading is conceptualized as an important kind of casual leisure experienced primarily as relaxation active entertainment and sexual stimulation racy pornographic stories Such reading can also be a launching pad for day dreams or lively conversation Self fulfilling reading is explored in a disguisition on the liberal arts hobbies This is no place for speed reading but instead is where we care to pause often to appreciate the artistry of the writing creativity of the plot profundity of the message i e the information it contains and the like And in fulfilling reading we sometimes want to analyze the material This book explores three main motives for reading identified as utilitarian pleasurable and fulfilling Its principal object is to deepen our understanding of why some adults and eager late adolescent readers go in for committed reading or reading that as we strive to acquire literary knowledge and experience necessarily consumes considerable time and requires continuous concentration. The conceptual frameworks guiding this endeavor are library and information science and the serious leisure perspective Through their lenses the author examines the reading of books magazines manuals reports and other lengthy material as carried out in the three domains of life work leisure and non work obligation In brief committed reading provides its enthusiasts with knowledge and experience which among other ways are sought acquired interpreted organized and sometimes disseminated within the three domains This book also examines committed reading in daily life its ease convenience affordability and enduring effects There follows a portrait of the various reading environments including music to read by reading at airports and on airplanes reading in one s study in a park on public transit in public libraries and elsewhere This is part of the reader's social world which is further comprised of book clubs bookstores Amazon com censorship author public readings and more The Last Stand Michelle Davis, MEd, 2025-01-21 The Last Stand unveils a critical examination of the shift in public education from fostering diverse social backgrounds and academic achievement to the indoctrination of far left ideologies Long time educator and advocate Michelle Davis delivers a call to action for parents grandparents education leaders and teachers to reclaim control over their local schools and challenge the encroachment of secular influences In this eye opening exploration concerned Christians are urged to engage with their communities conduct independent research and organize for change Davis emphasizes the need for a litmus test to evaluate the alignment of churches and private schools with Biblically based values as pop culture

increasingly erodes them As Christians become the counter culture it is imperative for parents to shed their blinders and critically analyze the foundational policies of local school districts discerning the presence of indoctrination and grooming The Last Stand empowers traditionalists who are committed to safeguarding core Christian values for the sake of our children and the future of this great nation **Digging Through the Bible** Richard A Freund,2023-06-14 A masterful and eminently readable journey through the fascinating insights and revelations of Biblical archeology Publishers Weekly starred review Many of our religious beliefs are based on faith alone but archaeology gives us the opportunity to find evidence about what really happened in the distant past evidence that can have a dramatic impact on what and how we believe In Digging Through the Bible archaeologist and rabbi Richard Freund takes readers through digs he has led in the Holy Land searching for evidence about key biblical characters and events Digging Through the Bible presents overviews of the evidence surrounding figures such as Moses Kings David and Solomon and Mary the mother of Jesus as well as new information that can help us more fully understand the life and times in which these people would have lived Freund also presents new evidence about finding the grave of the Teacher of Righteousness mentioned in the Dead Sea Scrolls and gives a compelling argument about how the Exodus of the Israelites may have taken place in three separate waves over time rather than in a single event as presented in the Bible
