system in its social context and outlines a range of critical views **Rwanda's Gacaca Courts** Paul Christoph Bornkamm, 2012-01-12 Rwanda's Gacaca courts provide an innovative response to the genocide of 1994 Incorporating elements of both African dispute resolution and of Western style criminal courts Gacaca courts are in line with recent trends to revive traditional grassroots mechanisms as a way of addressing a violent past Having been devised as a holistic approach to prosecution and punishment as well as to healing and repairing they also reflect the increasing importance of victim participation in international criminal justice This book critically examines the Gacaca courts achievements as a mechanism of criminal justice and as a tool for healing repairing and reconciling the shattered communities Having prosecuted over one million people suspected of crimes during the 1994 genocide the courts have been both praised for their efficiency and condemned for their lack of due process Drawing upon extensive observations of trial proceedings this book is the first to provide a detailed analysis of the Gacaca legislation and its practical implementation It discusses the Gacaca courts within the framework of transitional and international criminal justice and argues that despite the trend towards local tailor made solutions to the challenges of political transition there is a common set of principles to be respected in addressing the past Evaluating the Gacaca courts against the backdrop of existing or emerging principles such as the duties to investigate and prosecute and the right to the truth the book provides a sophisticated critique of Rwanda's reconciliation policy In doing so it contributes to the development and the clarification of these principles It concludes that Gacaca courts have achieved a great deal in stimulating a basic discourse on the genocide but they have also contributed to assigning collective responsibility and may thus end up deepening the divides within Rwandan society **The Insanity Defence** Ronnie Mackay, R. Mackay, Warren Brookbanks, 2022 The Insanity Defence provides an essential comparative perspective on the theory and practice of the insanity defence in both common law and civil law jurisdictions It is a companion volume to Fitness to Plead OUP 2018 by the same editors and is written and edited by a team of leading experts in the field **The Social and Legal Regulation of Domestic Violence in The Kesarwani Community** Amrita Mukhopadhyay, 2022-09-02 This book examines the social and legal regulation of domestic violence DV within the Kesarwani business community following the enactment of the Protection of Women from Domestic Violence Act 2005 It analyses the existence of the formal law in Kolkata and the relevance of the law in the familial lives of the Kesarwani community The book offers a new conceptualisation of examining the relationship between formal law and social life It provides a deep insight into how living with violence becomes a way of living and how the disposition to familial violence exists with social advantage and privilege Explaining the functioning of the formal DV framework in non legal terms as it exists on the paper the book shows the ways in which this one law sought to democratise the family unit and overhaul the legal process in favour of DV victims in India Most of all it hopes to show through the Kolkata study that caste and class social structures that regulate and define social life globally must remain critical to discussions of the social and legal regulation of DV in Kolkata India or anywhere in the world The book uses

ethnography as a research methodology and traverses different locations in the Kesarwani community and outside the community in Kolkata to examine the relevance of the formal law in the lives of Kesarwani women While the study is in India and in a non western context the theme of the study the social and legal regulation remains relevant to contemporary debates on the efficacy of formal law in addressing coercive control in the western world Notably the book makes the formal domestic violence law legible for non legal professionals by explaining the formal legal framework of domestic violence envisaged in the PWDVA This book will be of interest to students and scholars of law criminal justice sociology anthropology women s studies and political science It will also appeal to social service providers and practitioners working in the area of domestic violence legal regulation social control of women gender caste class and family business **Standards of**

The Effects of Armed Conflict on Investment Treaties Tobias Ackermann,2022-08-25 Based on author s thesis doctoral Ruhr Universit at Bochum 2020 *Private Regulation and the Internal Market* Mislav Mataija,2016-03-11 How does EU internal market law in particular the rules on free movement and competition apply to private regulation What issues arise if a bar association were to regulate advertising when a voluntary product standard impedes trade or when a sporting body restricts the cross border transfer of a football player Covering the EU s free movement and competition rules from a general and sector specific angle focusing specifically on the legal profession standard setting and sports this book is the first systematic study of EU economic law in areas where private regulation is both important and legally controversial Mislav Mataija discusses how the interpretation of both free movement and competition rule adapts to the rise of private regulation and examines the diminishing relevance of the public private distinction As private regulators take on increasingly important tasks the legal scrutiny over their measures becomes broader and moves towards what Mataija describes as regulatory autonomy This approach broadly disciplines but also recognizes the legitimacy of private regulators granting them an explicit margin of discretion and focusing on governance and process considerations rather than on their impact on trade and competition The book also demonstrates how the application of EU internal market law fits in the context of strategic attempts by the EU institutions to negotiate substantive reforms in areas where private regulation is pervasive Surveying recent case law of the Court of Justice of the European Union and the practice of the European Commission Mataija demonstrates how EU internal market law is used as a control mechanism over private regulators The British Insurance Industry Since 1900 Robert L.
