**Motor Industry Magazine** ,2005-02      **To the Last Man** Malcolm Atkin,2019-04-30 This historical study of the UK's WWII homeland defense service dispels the propaganda and pop culture myths to reveal its true wartime role In 1940 Britain formed an armed citizen militia to act as the first line of defense in case of Nazi invasion an essential if suicidal mission intended to buy time for the organization of regular forces Officially they were the Home Guard Later a British sitcom that ran for nearly a decade in the 60s and 70s dubbed them Dad's Army That show contributed to a distorted perception of the Home Guard that persists today But as Malcolm Atkin reveals in this thought provoking book the Home Guard's image was manipulated from its earliest days Sifting through official documents and contemporary histories as well as stories artwork and poetry of the era and comparing these with postwar films and histories Atkin explores how the myths of the Home Guard arose and were exploited He also shows how the strong sense of gallows humor amongst its volunteers which fits in with a long tradition of self deprecating humor in the British army was taken out of context and became the basis of the TV series To the Last Man strips back the myths analyzing how the modern perception has evolved The result is a new gritty and sometimes shocking appreciation of the role that the Home Guard was expected to play in the Second World War      History of the German Night Fighter Force, 1917-1945 Gebhard Aders,1979 Originaludgave Geschichte der deutschen Nachtjagd 1917 1945      *Scientific and Technical Aerospace Reports* ,1995      **Messerschmitts Over Sicily** Johannes Steinhoff,2023-02-01 In an account of unusual power Luftwaffe ace Johannes Steinhoff recounts the final days of the German air force on Sicily in June and July 1943 Facing crushing odds including a commander Hermann Göring who contemptuously treated his pilots as cowards Steinhoff and his fellow Messerschmitt 109 pilots took to the skies day after day to meet waves of dreaded Flying Fortresses and swarms of Allied fighters all bent on driving the Germans from the island A captivating narrative and a piercing analysis based on the author's personal World War diary this book is a classic of aerial combat A concluding chapter assesses the war's lessons for air forces      Government Reports Announcements & Index ,1976
