Managing Performance Abroad Arno Haslberger,Chris Brewster,Thomas Hippler,2014-08-01 In a global economy full of multinational firms international human resource management including expatriation career management and talent

management is a growing topic in the business and management literature and in universities. A thorough understanding of the adjustment of expatriates to their new environment is critical not only for selection and preparation of potential expatriates but also for the management of expatriate performance. Managed well, expatriates can be key contributors to organizational success while abroad and even after repatriation. Poor understanding and management of expatriate issues on the other hand may lead to underperformance and increased turnover of expatriates and repatriates. *Managing Performance Abroad* summarizes and extends what is known about the topic of expatriate management and adjustment, covering all the major authors and presenting a new approach to the adjustment process. At present, expatriate adjustment is only covered as a chapter in books on international HRM and HRD. Much of this literature relies on outdated concepts and evidence. Furthermore, most business research and management publications use an expatriate adjustment model that was originally published about two decades ago. This book is the first dedicated solely to the subject of expatriate adjustment, enabling readers to formulate research questions and hypotheses and to develop expatriation policies and support systems that optimize the performance of expatriates. It presents a reformulation of the model underlying management research about expatriate adjustment, providing guidance for researchers and practitioners alike.

Essentials of International Human Resource Management John Opute, 2024-11-03. Understand how to support the successful running of an international business through HR practices which respond to global and local contexts and reflect a changing broader landscape. *Essentials of International Human Resource Management* is a concise and applied textbook which explores HR strategies and approaches for a range of organizations that operate internationally. Key topics covered include core HR functional areas, expatriation and repatriation, managing cultural differences and equality, diversity and inclusion. It also explores how relevant political, socio-economic, technological, and cultural contexts impact on international HR, with examples from BAE Systems and Changan Ford. Focusing on both established and emerging economies, the book examines cutting-edge topics including Corporate Social Responsibility (CSR), emotional and cultural intelligence, work-life balance, and the consequences of the COVID-19 pandemic. In-text features include learning outcomes, key concept boxes, and activities. The book is supported by online resources consisting of PowerPoint lecture slides, self-test questions, and further resource and video links. This is an essential resource for master's level and upper undergraduate students of international HRM.
