Software Rights Gerardo Con Daz, 2019-10-22 A new perspective on United States software development seen through the patent battles that shaped our technological landscape This first comprehensive history of software patenting explores how patent law made software development the powerful industry that it is today Historian Gerardo Con D az reveals how patent law has transformed the ways computing firms make own and profit from software He shows that securing patent protection for computer programs has been a central concern among computer developers since the 1950s and traces how patents and copyrights became inseparable from software development in the Internet age Software patents he argues facilitated the emergence of software as a product and a technology enabled firms to challenge each other's place in the computing industry and expanded the range of creations for which American intellectual property law provides protection Powerful market forces aggressive litigation strategies and new cultures of computing usage and development transformed software into one of the most controversial technologies ever to encounter the American patent system

Producing

Music Russ Hepworth-Sawyer, Jay Hodgson, Mark Marrington, 2019-03-28 During the last two decades the field of music production has attracted considerable interest from the academic community more recently becoming established as an important and flourishing research discipline in its own right Producing Music presents cutting edge research across topics that both strengthen and broaden the range of the discipline as it currently stands Bringing together the academic study of music production and practical techniques this book illustrates the latest research on producing music Focusing on areas such as genre technology concepts and contexts of production Hepworth Sawyer Hodgson and Marrington have compiled key research from practitioners and academics to present a comprehensive view of how music production has established itself and changed over the years

From Soul to Hip Hop Tom Perchard, 2017-07-05 The essays contained in this volume address some of the most visible durable and influential of African American musical styles as they developed from the mid 1960s into the 21st century Soul funk pop R B and hip hop practices are explored both singly and in their many convergences and in writings that have often become regarded as landmarks in black musical scholarship These works employ a wide range of methodologies and taken together they show the themes and concerns of academic black musical study developing over three decades While much of the writing here is focused on music and musicians in the United States the book also documents important and emergent trends in the study of these styles as they have spread across the world The volume maintains the original publication format and pagination of each essay making for easy and accurate cross reference and citation Tom Perchard's introduction gives a detailed overview of the book's contents and of the field as a whole situating the present essays in a longer and wider tradition of African American music studies In bringing together and contextualising works that are always valuable but sometimes difficult to access the volume forms an excellent introductory resource for university music students and researchers

AV Instructional Technology Manual for Independent Study James Wilson Brown, Richard Byrd Lewis, 1983

Future Music, 2007

Close to the Edge Sujatha Fernandes, 2011-09-12 At its rhythmic beating heart Close to the Edge asks whether hip hop can change the world Hip hop rapping beat making b boying deejaying graffiti captured the imagination of the teenage Sujatha Fernandes in the 1980s inspiring her and politicizing her along the way Years later armed with mc ing skills and an urge to immerse herself in global hip hop she embarks on a journey into street culture around the world From the south side of Chicago to the barrios of Caracas and Havana and the sprawling periphery of Sydney she grapples with questions of global voices and local critiques and the rage that underlies both An engrossing read and an exhilarating travelogue this punchy book also asks hard questions about dispossession racism poverty and the quest for change through a microphone
