

unfortunate decision. Hira jumped at me. I tried to run away but it was too late. It bit my leg. Soon I was bleeding.

I quickly pulled my leg and ran away. But this story did not end here. Hira was running after me. I ran as fast as I could and luckily reached my home. I could relax now.

It was found out that the dog had contracted rabies. I was given a series of syringes and a few stitches only. And after a couple of weeks, my leg healed, but the scars remain on both the inside and out.

## An Accident

One thing that changed my life forever would have to be the day I went down the sand hill. It was summer and like most summers it was very hot.

It all started about 8:00 a.m. It was hot enough to fry an egg on the footpath. So I went to ask my mother if I could go down to the forest. She didn't see any reason not to go, so she said it was all right. I asked my friend Vinay if he wanted to come with me and he did.

Both of us took out our bicycles and headed for the forest. We were expecting a cool journey. We had no idea that something really bad was going to happen. So we raced ahead to see who would get there first. He was in the lead. He was about three feet ahead of me when I noticed that the big hill was approaching. We stopped at the top of the hill and looked down at the curving surface of the road.

Excitedly we both rode down the hill at great speed. The wind hit our faces as we raced down the hill, but then I noticed that I was about to crash into a corner. Nervously, I slammed on the brakes, hoping to escape the accident. But the tyre locked up and I started to slide out of control.

I fell off my bike and started using my bare leg to stop me from crashing into the ditch. But as most people know, skin, blood and muscle don't make good brakes. As I was tearing up my leg, my life seemed to end before my eyes. I started screaming in pain.
