| Surface area             | This variable can be changed by making circles with different radius              | The rate of decent should become faster as the surface area becomes smaller due to less air resistance                                                           |
