Küçükaydin, Hakan Ulum, Ömer Gökhan Ulum, 2024-11-11 This book foregrounds silenced voices by correlating refugee experiences with educational practices while questioning how we address the educational rights of individuals affected by conflicts and wars Accordingly the book presents a novel perspective within the field of education Within the context of the most prevalent educational instruments textbooks this work endeavors to highlight the muted perspectives of immigrants in education and make significant advances towards resolving this problem Through extensive research and analysis of the relevant literature the authors shed light on the challenges refugee students face in their educational trajectories and offer

innovative suggestions for adopting more equitable and inclusive approaches within our educational systems The book not only addresses an educational dilemma but also emphasizes humanity s shared responsibility Supporting the educational rights of refugees promotes not only their personal growth but also more tolerant compassionate and sustainable societies At the same time this work promotes a critical comprehension of refugee experiences in education by presenting both problems and solutions to the readership In this way it demonstrates how a more equitable and egalitarian approach to education can be adopted and it ultimately encourages readers to adopt a broader perspective on the world embracing humanitarian values and social responsibility Saraswati Biology Class 10 Rajesh Kumar, A text book on Biology
