

A black and white photograph of a concentration camp interior. Multiple rows of barbed wire fences stretch into the distance, creating a sense of depth and confinement. In the background, several watchtowers or guard posts are visible, each with a lamp hanging from a curved pole. The sky is overcast, and the overall atmosphere is somber and oppressive.

Teaching Difficult Topics Olivia R. Lucas, Laura Moore Pruett, 2024-10-14 Teaching Difficult Topics provides a series of on the ground reflections from college music instructors working in a wide variety of institutional settings about their approaches to inclusive supportive pedagogy in the music classroom Although some imagine the music classroom to be an apolitical space instructors find themselves increasingly in need of resources for incorporating issues of race and ethnicity gender and sexuality and historical trauma into their classrooms in ways that support student learning and safeguard their classroom communities The teaching reflections in Teaching Difficult Topics examine difficult themes that fall into three primary categories subjects that instructors sense to be controversial or emotionally challenging to discuss those that derive from or intersect with real world

events that are difficult to process and bigger picture discussions of how music studies often focuses on dominant narratives while overlooking other perspectives Some chapters offer practical guidance lesson plans and teaching materials to enable instructors to build discussions of race gender sexuality and traumatic histories into their own classrooms others take a more global view reflecting on the importance and relevance of teaching these difficult topics and on how to respond in the music classroom when external events disrupt daily life

The Social Psychology of Good and Evil, First Edition Arthur G. Miller,2013-10-24 This compelling work brings together an array of distinguished scholars to explore key concepts theories and findings pertaining to some of the most fundamental issues in

social life the conditions under which people are kind and helpful to others or conversely under which they commit harmful even murderous acts Covered are such topics as the complex interaction of individual societal and situational factors underpinning good or evil behavior the role of guilt and the self concept and issues of responsibility and motivation including why good people do bad things The volume also examines whether aggression and violence are inescapable aspects of human nature and how cooperative interaction can break down stereotyping and discrimination *Humanistic Pedagogy Across the Disciplines* Amy E. Traver, Dan Leshem, 2018-09-26 This volume presents insights from five years of intensive Holocaust genocide and mass atrocity education at Queensborough Community College QCC of the City University of New York CUNY USA to offer four approaches Arts Based Textual Outcomes Based and Social Justice to designing innovative integrative and differentiated pedagogies for today's college students The authors cover the theoretical foundations of each approach and include faculty reflections on the programs instructional strategies and student reactions that brought the approaches to life across the disciplines [Resources in Education](#), 2000-10 *Major Decisions* Laurie Grobman, E. Michele Ramsey, 2020-03-13 A practical how to guide for students and a powerful reminder of the value of a humanities education In recent decades the humanities have struggled to justify themselves in the American university The costs of attending a four year college have exploded resulting in intense pressure on students to major in STEM science technology engineering and mathematics business and other pre professional or practical majors that supposedly transmit more marketable skills than can be acquired from the humanities But as Laurie Grobman and E Michele Ramsey argue this vision of humanities majors idly pondering the meaning of life for four years is inaccurate Major Decisions demonstrates how choosing a major in the humanities is a worthwhile investment in a global economy that is shifting in the direction of college graduates who think broadly critically and ethically Indeed the core skills and knowledge imparted by an education in the humanities including facility with written and verbal communication collaboration problem solving technological literacy ethics leadership and an understanding of the human impacts of globalization are immensely useful to employers across a variety of sectors Major Decisions serves as a deeply informative guide to students and parents and provides a powerful reminder to employers and university administrators of the true value of an education in the humanities *Education Across the African Diaspora* Derron Wallace, Kassie Freeman, Ernest Morrell, Henry Levin, 2023-12-05 This book examines the opportunities orientations and outcomes that shape education for Black people across time place and space throughout the African diaspora It bridges gaps in education studies and African diaspora studies noting the connections between these two formative fields as central to a fuller understanding of the history and futurity of African descendants around the world The chapters in this volume showcase the work of scholars across disciplinary boundaries national contexts and methodological expertise all of whom are deeply concerned with education for Black children young people and adults from critical perspectives Crucially this volume explores the social political psychic and material dimensions of education for Black people within the African diaspora as

already part of a larger global phenomenon linking the national and the international the local and the global for a more comprehensive understanding of the past present and future of education for people of African descent around the world Education Across the African Diaspora will be a key resource for scholars and researchers of education studies African diaspora studies education history African studies black studies ethnic studies and sociology This book was originally published as a special issue of Peabody Journal of Education
