

A painting of a bald eagle perched on a wooden post. The eagle is shown in profile, facing right, with its head turned slightly towards the viewer. It has a white head and neck, a dark brown body, and a long, dark tail. The background is a dramatic, cloudy sky in shades of blue and grey. The eagle is perched on a weathered wooden post. The overall style is realistic with a focus on the eagle's form and the texture of the feathers and wood.
