Killing The Shadows:

Killing the Shadows Val McDermid, 2010-01-16 Smart skillfully executed nasty and delicious McDermid tells this wicked tale with style intelligence and the blackest of humor The Washington Post Book World Rich in atmosphere Val McDermid's *Killing the Shadows* uses the backdrops of city and country to create an air of threatening menace culminating in a tense confrontation between hunter and hunted a confrontation that can have only one outcome A killer is on the loose blurring the line between fact and fiction His prey the writers of crime novels who have turned psychological profilers into the heroes of the nineties But this killer is like no other His bloodlust shatters all the conventional wisdom surrounding the motives and mechanics of how serial killers operate And for one woman the desperate hunt to uncover his identity becomes a matter of life and death Professor Fiona Cameron is an academic psychologist who uses computer technology to help police forces track serial offenders She used to help the Met but vowed never to work for them again when they went against her advice and subsequently botched an investigation Still smarting from the experience she's working a case in Toledo when her lover thriller writer Kit Martin tells her a fellow crime novelist has been murdered It's not her case but Fiona can't help taking an interest When the killer strikes again Fiona finds herself caught in a race against time not only to save a life but also to find redemption both personal and professional A gripping read with layers of plot complexity heart stopping suspense and guts and gore aplenty Booklist

Secondhand Shadow Elizabeth Belyeu, 2021-05-19. From the pen of Shelly Greene writing as Elizabeth Belyeu. It's supposed to be a symbiotic relationship: the Shadow serves and protects the human Lumi; the Lumi feeds and cares for the Shadow. But when Damon's Lumi died young and severed the bond between them, he declined to go with her like a good little Shadow. Yes, it hurts. Yes, he's cold and hungry all the time. And yes, his own people call him an abomination. But for the first time, Damon's life is his own, and he's never going back. Or so he thinks until he meets Naomi, a pregnant college student and bonds to her as his new Lumi. Which has never happened to a Shadow before. Naomi has enough problems on her plate: juggling college and a crappy survival job, preparing for a baby, and getting over her cheating ex-husband. The last thing she needs is a dark brooding fellow like Damon, depending on her physically and emotionally and hating her for it. But a vigilante among Damon's people has his sights set on Naomi, and they both know Damon is her only chance for survival.
