they uncover a shocking truth that the separate acts of violence that shattered their lives were really a long time in the making and are a long way from over *The King's Smuggler* John Fox, 2011-08-26 Jane Whorwood 1612-84 was one of Charles I's closest confidantes. The daughter of Scots courtiers at Whitehall and the wife of an Oxfordshire squire when the court moved to Oxford in 1642 at the start of the Civil War she helped the Royalist cause by spying for the king and smuggling at least three quarters of a ton of gold to help pay for his army. When Charles was held captive by the Parliamentarians from 1646 to 1649 she organised money correspondence, several escape attempts, astrological advice and a ship to carry him to Holland. The king and she also had a wartime brief encounter. After Charles's execution in 1649 Jane's marriage collapsed in one of the most public and acrimonious separation cases of the seventeenth century. Using crucial evidence John Fox provides a detailed biography of this extraordinary woman, a forgotten key player in the English Civil War.
