 India has over England is a great Knowability After five years service a man is directly or indirectly acquainted with the two
 or three hundred Civilians in his Province all the Messes of ten or twelve Regiments and Batteries and some fifteen hundred
 other people of the non official caste In ten years his knowledge should be doubled and at the end of twenty he knows or
 knows something about every Englishman in the Empire and may travel anywhere and everywhere without paying hotel bills

 unreasonableness of it all There were scores of men no better than I whose punishments had at least been reserved for
 another world and I felt that it was bitterly cruelly unfair that I alone should have been singled out for so hideous a fate This
 mood would in time give place to another where it seemed that the rickshaw and I were the only realities in a world of
 shadows that Kitty was a ghost that Mannering Heatherlegh and all the other men and women I knew were all ghosts and the
