Psychology Jack A. Digliani PhD EdD, 2015-08-14 Contemporary Issues in Police Psychology addresses several timely topics in
modern police psychology It is written for police officers those with an interest in policing and trainers of police and other
peer support teams It includes a question and answer discussion of issues relevant to police peer support an enhanced
outline of the Police Peer Support Team Training program an introduction to the innovative concepts of police physical and
psychological primary danger and secondary danger and a description of the Make it Safe Police Officer Initiative Many of
the thoughts and insights of Dr Digliani are equally applicable to those outside of the policing profession *Crime and
Criminal Justice in American Society* Randall G. Sheldon, William B. Brown, Karen S. Miller, Randal B. Fritzler, 2015-06-22
Today's headlines vividly illustrate the importance of understanding aspects of the criminal justice system too often ignored
While the second edition of *Crime and Criminal Justice in American Society* includes the most recent statistics on the police
courts and corrections its provocative current examples also spur critical thinking about justice in the United States The
authors offer an alternative interpretation of criminal justice rarely presented in traditional textbooks or by the media They
encourage readers to examine their beliefs about crime punishment and the law Discussions in the chapters about how
African Americans Hispanics whites women juveniles the rich and the poor experience crime and the criminal justice system
contribute context for understanding different viewpoints The poor and minorities are the most likely to be caught in the net
of criminal justice but inequities have consequences for everyone Reflection on various perspectives provides helpful input
for assessing attitudes and for becoming actively involved with issues that have significant consequences Eighteen
thoroughly revised chapters present historical backgrounds theories and emerging issues New to the second edition is a
chapter on veterans involved in the criminal justice system Affordable succinct and engaging this textbook presents the key
concepts of the criminal justice system at less than half the cost of many competing textbooks **Police Administration**
Gary W. Corder, 2013-01-15 Police Administration provides a thorough overview of what police supervisors and
administrators need to know The text examines police administration from four distinct perspectives a systems perspective
the interrelatedness among units and organizations a traditional structural perspective administrative principles
management functions and the importance of written guidelines a human behavioral perspective the human element in
organizations and a strategic management perspective communications and information systems performance evaluation
strategies and tactics and promising approaches to increasing police agency effectiveness In addition to detailed coverage of
management functions and organizational principles the book emphasizes diversity principles and developing police agencies

as learning organizations A concluding chapter covers contemporary issues including community engagement collaboration globalization racial profiling mass media and social media cyber crime terrorism and homeland security The eighth edition includes analysis of timely matters such as technology the police intelligence function information sharing interagency cooperation and more Each chapter is enhanced with learning objectives discussion questions and feature boxes Six case studies with discussion questions provide opportunities for the reader to review real world situations

Reframing Police Education and Freedom in America Martin Alan Greenberg, Beth Allen Easterling, 2023-09-15 This book untangles the components of police education and advocates a robust community based training model with significant civilian oversight The recommended approach recognizes that the citizenry needs to be included in the provision of basic police education for it is they who must both support and be served by their police The police must be role models for society demonstrating that freedom and rights come with obligations both to the community as a whole and to individuals in need within that community Ultimately the quality of police training and the public's safety depend not only on the leadership of police executives as well as the quality of educational institutions and police candidates but also on the building of a community's trust in its police The issues of police recruitment education and retention have greater consequence in an era when protests and other signs of negativity surround law enforcement Several incidents including most notably George Floyd's murder by police have sparked new training initiatives regarding police de-escalation and community engagement At the same time the proliferation of gun violence and a contentious political climate have led some officers to refrain from undertaking proactive types of policing In this context reform of the police education system is urgent This book examines police training at all levels of government local regional state and federal In addition citizen participation programs including the role of the media and programs for furthering law related education LRE are highlighted The proposed police education model recognizes that ordinary members of the American public need to contribute to the provision of basic police education for it is they who must both support and be served by their police The focus is on teaching a guardian style of policing at the local level Police education would combine higher education necessary practical proficiencies and intensive field experiences through a gradual level of greater responsibility likely extending over a 2 plus year period for trainees with less than a year of previous college credits This book will be of interest to a wide range of audiences such as law enforcement professionals and trainers including those in executive development programs in police departments community leaders scholars and policy experts who specialize in policing concerned citizens and students of criminal justice especially those interested in police organization and management criminal justice policy and the historical development of police

The Politics of Policing Mathieu Deflem, 2016-06-06 Developments and problems associated with police power are at the very front of current public debate This volume addresses contemporary issues of policing with a focus on the characteristics of police power as a coercive force in society and its continued need for legitimacy in a democratic social order
