Thought Michael Cook,2001-01-25 What kind of duty do we have to try to stop other people doing wrong The question is intelligible in just about any culture but few of them seek to answer it in a rigorous fashion The most striking exception is found in the Islamic tradition where commanding right and forbidding wrong is a central moral tenet already mentioned in the Koran As an historian of Islam whose research has ranged widely over space and time Michael Cook is well placed to interpret this complex subject His book represents the first sustained attempt to map the history of Islamic reflection on this obligation It covers the origins of Muslim thinking about forbidding wrong the relevant doctrinal developments over the centuries and its significance in Sunni and Shi ite thought today In this way the book contributes to the understanding of Islamic thought its relevance to contemporary Islamic politics and ideology and raises fundamental questions for the comparative study of ethics *Lloyd's Register of Shipping* ,1914 Key Themes for the Study of Islam Jamal J.

Elias,2014-10-01 Key Themes for the Study of Islam examines the central themes and concepts indispensable to an informed understanding of Islamic religion and society From Gender and History to Prayer and Prophecy each authoritative chapter focuses on a single aspect of the religion and presents a critical discussion written by a world expert in that field Exposing as false the idea that Islam and Muslims are incomprehensible to Western culture this book will become the first choice for students and experts in religion from disparate fields who wish to know how Islam relates to vital concepts in religion and society today **Lloyd's Register of Shipping 1922 Steamers** Lloyd's Register Foundation,1922-01-01 The Lloyd s
