Nadine Gordimer Routledge Revivals:

Nadine Gordimer (Routledge Revivals) Judie Newman, 2014-06-27 International In her appeal Nadine Gordimer is an original and accomplished novelist whose works have found literary and popular recognition In this critical study first published in 1988 and the first by a woman Judie Newman discusses Gordimer's novels including *A Sport of Nature* Gordimer's writing is both political committed and formally innovative confronting subject matter of great contemporary interest and at the same time seeking out narrative forms that combine European and indigenous culture Her novels are sensitive to their context while also offering an important contribution to postmodernist reassessments of narrative poetics and a challenge to European conceptions of the novel Judie Newman places particular emphasis on Gordimer's searching investigation of the relation of gender to genre and explores other major concerns such as the crisis of liberal values the nature of historical consciousness racism sexual politics and the psychopathology of power Her study combines close literary analysis with a wide ranging exploration of ideas showing clearly how the artist can contribute to contemporary debate Jacques Derrida (Routledge Revivals) William Schultz, Lewis L.B. Fried, 2016-06-17 First published in 1992 this book represents the first major attempt to compile a bibliography of Derrida's work and scholarship about his work It attempts to be comprehensive rather than selective listing primary and secondary works from the year of Derrida's Master's thesis in 1954 up until 1991 and is extensively annotated It arranges under article type a huge number of works from scholars across numerous fields reflecting the interdisciplinary and controversial nature of Deconstruction The substantial introduction and annotations also make this bibliography in part a critical guide and as such will make a highly useful reference tool for those studying his philosophy

Resisting Novels (Routledge Revivals) Lennard J. Davis, 2014-06-27 By making friends with signs Lennard Davis argues we are weakening the bond that anchors us to the social world the world of action and binding ourselves to the ideological For the reader this power of the novel needs to be resisted But there is a double resistance at work the novel is also a defensive structure positioning us against alienation and loneliness the dehumanising symptoms of modern life While discussions surrounding ideology in novels traditionally concentrate on thematics in this study first published in 1987 Davis approaches the subject through such structural features as location character dialogue and plot Drawing on a wide range of novels from the seventeenth century to the present day and on psychoanalysis as well as philosophy *Resisting Novels* explores how fiction works subliminally to resist change and to detach the reader from the world of lived experience This controversial critique will engage students and academics with a particular interest in literary theory Susan Sontag (Routledge Revivals) Sohnya Sayres, 2019-09-25 First published in 1990 this is the first book length study of Susan Sontag essayist and analyst of culture author of *Notes on Camp* and *Illness as Metaphor* novelist reviewer and filmmaker It was modernism and the excitement it created in her that rescued Sontag from childhood in Southern California and sent her abroad in the 1950s Sohnya Sayres looks into the foundations and directions of Sontag's imposing work and in doing so

discovers a unity of design and subject that Sontag has only recently acknowledged to have been an ambition all along Sayres s Sontag is the elegiac modernist committed to a modernism whose high noon has long since passed And yet Sayres finds in Sontag s lifelong indebtedness to modernism s aesthetic an inherent conservatism While guiding us through the work of a brilliant critic Sayres questions whether Sontag is not herself caught in the paradoxes of the modernism she herself so much admires A comprehensive analysis of the work of a remarkable intellectual this title will be of value to any student of American modernism and literary life Nadine Gordimer (ELL) ,2009 *Nadine Gordimer's July's People* Brendon Nicholls,2013-11-12 Nadine Gordimer is one of the most important writers to emerge in the twentieth century Her anti Apartheid novel July s People 1981 is a powerful example of resistance writing and continues even now to unsettle easy assumptions about issues of power race gender and identity This guide to Gordimer s compelling novel offers an accessible introduction to the text and contexts of July s People a critical history surveying the many interpretations of the text from publication to the present a selection of new and reprinted critical essays on July s People providing a range of perspectives on the novel and extending the coverage of key approaches identified in the critical survey cross references between sections of the guide in order to suggest links between texts contexts and criticism suggestions for further reading Part of the Routledge Guides to Literature series this volume is essential reading for all those beginning detailed study of July s People and seeking not only a guide to the novel but a way through the wealth of contextual and critical material that surrounds Gordimer s text **Nadine Gordimer** ,1984 **Chronicles of Darkness** David Ward,2024-05-30 First published in 1989 Chronicles of Darkness is about images of Africa seen through the eyes of writers visitors residents and native born They range from Joseph Conrad and Olive Schreiner through Laurens van der Post Karen Blixen and Evelyn Waugh to more recent writers like Nadine Gordimer Andre Brink and J M Coetzee Such writers have frequently been faced with feelings of alienation marginality exile self consciousness and egoism It is only in this sense that the eyes which see are shadowed and troubled that Africa is a dark continent and that these writings are chronicles of darkness In some cases Africa even if merely a backdrop painted in crude and garish colors becomes a way of revealing or admitting something about Europe which might be concealed when a writer performs in a different theatre This is an interesting read for scholars and researchers of English literature and African studies **Theatre After Empire** Megan E. Mobility and Cosmopolitanism Vered Amit, Pauline Gardiner Barber, 2018-04-19 In academic descriptions of cosmopolitanism one particularly important distinction often recurs Specifically scholars have been concerned to distinguish between cosmopolitanism as a set of mundane practices and/or competences on the one hand and cosmopolitanism as a cultivated form of consciousness or moral aspiration on the other For anthropologists whose ethnographic studies reveal many different expressions of cosmopolitanism this distinction between aspiration and practice can often be quite ambiguous This book therefore brings together five contributions from anthropologists who are reporting on encounters and aspirations that reveal different forms of spatial mobility scales of commitment or risk and are often transient ambivalent and precarious These are circumstances in which cosmopolitanism emerges as uneven and partial rather than as a comprehensive or unequivocal transformation of practice and outlook This book was originally published as a special issue of *Identities: Global Studies in Culture and Power*
