Rozier, 2020 An examination of the extraordinary texts produced by the community of St Cuthbert showing how they were used to construct and define an identity. Class List of Best Books Library Association, 1906 *Annual List of New and Important Books Added to the Public Library of the City of Boston*, 1904 **On Her Knees** Chijioke, 2014-10-09 The desire to improve ourselves and our conditions is natural. Everyone has this desire. It is inherent. Many times we are helped by others in various ways some other times we are hindered or appear to be hindered by them. But the quest goes on oftentimes unconsciously. At times it is on an individual level other times it is on a mass scale. Individually or collectively hopefully it is for the good of all. This book tells of an interaction between two cultures namely the European culture and an African culture. The interaction could conceivably have been expressed through wars politics or trade and commerce. At one time or another and on a much wider scope these avenues of interaction did take place. Recognizing the very broad scope of European culture and African culture the interaction described here is scaled down relatively to European missionaries landing in Nigeria bringing with them a new non trade or commercial message. As a result this interaction takes on the stance of religion. Not because there was no religion before their arrival. There was. They brought a new and different kind. The presence or voice is the universal principle of life known by various names practically by all of human race throughout the ages. The wayfarer is the individual searching for a relationship with this voice or presence. Hence all are wayfarers and all are at different stages of this search both the missionary and the person or persons missioned to. As such in this search among people there is no greater or lesser just searchers at different levels of their epiphanies individually or collectively. Hopefully people who are united in love in the all important march forward in the mindful search upward in higher

consciousness and God ward in self realization In the ensuing story therefore the widow cries out for ways to satisfy the need and to express the good inherent in everyone Everyday human experiences show that this is always a tussle Many times more than a mere tussle Maybe even very crushing But the unfailing light individualizes and inevitably shines through In the pages of On her knees Unto the Higher God we find that the need is unreservedly fulfilled to the level of expectancy and acceptance
