

Manual de Usuario NanoStation/PowerStation

• Introducción

Debido a los numerosos problemas surgidos en la red wifi, debido al uso de dispositivos no apropiados, no 100% compatibles, etc... a los cuales resulta imposible dar un soporte completo, se ha decidido restringir el soporte a una serie de dispositivos, los cuales cumplen una serie de requisitos.

El NanoStation 2 y el PowerStation 2, han sido elegidos y certificados para la red "orosalwifi" por los siguientes motivos, ser un dispositivo compacto, apto para uso exterior, utilizar un chip ampliamente extendido en dispositivos wifi como es el chip Atheros, tener un precio competitivo, y además de el gran compromiso del fabricante, Ubiquiti, con sus clientes, realizando mejoras continuas en el firmware y publicando el Código Fuente del sistema operativo, para que los usuarios puedan también realizar mejoras.
