

550 Unemployment Compensation

551 Overview

551.1 Legal Guidelines

551.11 Administration

The Unemployment Compensation for Federal Employees Program (UCFE) is administered by the states under separate agreements with the U.S. Secretary of Labor. Under these agreements, the states are agents of the United States and take, adjust, pay, or deny claims for unemployment compensation. Based on wage and separation information supplied by the Postal Service, the state agency determines under its state employment security law the postal employee's entitlement to unemployment compensation.

551.12 Liability

Benefit payments are made to former postal employees by the states under the agreements between the states and the U.S. Department of Labor. The Postal Service then reimburses the states through the Department of Labor.

551.13 Illegal Claims

Federal law provides criminal penalties for anyone who knowingly makes a false statement or representation of a material fact, or knowingly fails to disclose a material fact, to obtain or increase for self or for any other individual unemployment compensation benefits for federal employees.

551.2 Qualification Factors

Requirements for unemployment compensation benefits vary from state to state in accordance with each state's employment security law. However, each state law requires that a claimant:

- a. Be unemployed or be employed less than full-time as defined by the state employment security law with earnings less than an amount specified in the state law.
- b. Register for work and file an unemployment compensation claim at a local state employment security office.
- c. Have worked a specified amount of time or have earned a specified amount of wages, or both, within a certain period.
- d. Be able to work.
- e. Be available for work.
- f. Be actively seeking work.
- g. Report periodically to the local state employment security office.
