

MEETING REQUEST EMAIL TO CLIENT (SAMPLE)

*Clients are tricky, and as such the best way to go about an email in this category is to be concise and straight to the point, stating the purpose of the meeting and how it can benefit the client, also adding contact information in closing the email. It is important not to force a client to wade through unnecessary information that they may not even be patient enough to read through.

(Take note that meetings with clients should not be requested on first contact).

The Comprehensive Guide for PMP® Certification Kal Jayaswal, PMP and Archana Jayaswal, PMP, CSM, 2019-06-30 Why you need this PMP guide Coverage of the 100% of the exam content Lots of figures and tables for faster preparation ITTO made easy with diagrams and built in text Simple explanations for difficult concepts Synopsis and formulas section for reference before the PMP exam Easy to follow layout 400 sample questions with detailed explanations Full length practice exam Tips for practical project management How to for Microsoft Project MPP application This book is a must have for those preparing for PMP certification It is different than existing books because we believe that PMP preparation can be quick and efficient We have read the existing books and taken the PMP exam and we have found that most books contain unnecessary content Reduce your preparation time There are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time This book has text that is concise and relevant for the exam Figures and tables There are 200 figures and tables in the book When text is needed to explain the figure the text is embedded into the figure rather than forcing you to read long paragraphs and pages of commentary to find relevant material Personalized conversational style When possible we use conversational style to make for easier reading Active learning We believe that learning is best when the reader is involved instead of doing a show and tell Wherever applicable e g for schedule cost quality risk procurement there are workbook style exercises Examples You will find lots of examples followed by its underlying concept or generalized step by step procedure This sequence makes it easier to understand concepts

REVIEW FROM CONTACT 1 I have studied various PMP guides and tutorials in the market But this book is different stands out and would be the best companion guide to the PMBOK Difficult concepts are presented in a style that is easy to follow The content is concise and supported by illustrative figures and tables This will save you from wasting your time on irrelevant or copious content In my opinion this is the ONLY book you will need to pass the PMP exam Other printed books and online sites have questions that are easier than the PMP exam and some wrong answers and explanations The 400 questions are at the same level of rigor as you will find in the PMP exam I wish I had this guide when I prepared for the PMP exam
