Emergency Management and Disaster Response Utilizing Public-Private Partnerships Hamner, Marvine Paula,Stovall, S. Shane,Taha, Doaa M.,Brahimi, Salah C.,2015-02-28 In a world of earthquakes tsunamis and terrorist attacks it is evident that emergency response plans are crucial to solve problems overcome challenges and restore and improve communities affected by such negative events Although the necessity for quick and efficient aid is understood researchers and professionals continue to strive for the best practices and methodologies to properly handle such significant events Emergency Management and Disaster Response Utilizing Public Private Partnerships bridges the gap between the theoretical and the practical components of crisis management and response By discussing and presenting research on the benefits and challenges of such partnerships this publication is an essential resource for academicians practitioners and researchers interested in understanding the complexities of crisis management and relief through public and private partnerships

The Boston Consulting Group on Strategy Carl W. Stern,Michael S. Deimler,2012-06-14 A collection of the best thinking from one of the most innovative management consulting firms in the world For more than forty years The Boston Consulting Group has been shaping strategic thinking in business The Boston Consulting Group on Strategy offers a broad and up to date selection of the firm s best ideas on strategy with fresh ideas insights and practical lessons for managers executives and entrepreneurs in every industry Here s a sampling of the provocative thinking you ll find inside You have to be the scientist of your own life and be astonished four times at what is what always has been what once was and what could be The majority of products in most companies are cash traps They are not only worthless but a perpetual drain on corporate resources Use more debt than your competition or get out of the business When information flows freely reputation more than reciprocity becomes the basis for trust As a strategic weapon time is the equivalent of money productivity quality even innovation When brands become business systems brand management becomes far too important to leave to the marketing department The winning organization of the future will look more like a collection of jazz ensembles than a symphony orchestra Most of our organizations today derive from a model whose original purpose was to control creativity Rather than being an obstacle uncertainty is the very engine of transformation in a business a continuous source of new opportunities IP assets lack clear property lines Every bit of intellectual property you can own comes with connections to other valuable innovations
