Bank Accounting 19 FI Asset Accounting Tulsian's Financial Accounting 2e (Including GST and Tally): As per the latest curriculum on the directives of NEP 2020 CA Dr. P.C. Tulsian, CA Bharat Tulsian & Tushar Tulsian, This book has been primarily designed to meet the needs of B Com students under the recommended National Education Policy 2020 for the subject Financial Accounting 2e The revised edition of this book serves as a self study text and provides essential guidance for understanding of basics of accounting accounting principles and policies accounting standards process Topics like goods and services tax GST valuation of inventory as per AS 2 financial statements accounting branches departments and tally step by step have been discussed in detail in the simplest language meant to serve beginners This book has been written in simple and lucid manner covering all the important equations formulae figures and practical steps in a systematic manner to aid students learning Based on the author s proven approach teach yourself style the revised edition of the book is replete with numerous illustrations exhibits and easy retention of concepts Teaching IFRS Richard M.S. Wilson,Ralph Adler,2013-09-13 The increasing pace of global conformance towards the adoption of International Financial Reporting Standards IFRS highlights the need for accounting students as well as accounting practitioners to be conversant with IFRS Teaching IFRS offers expert descriptions of and insights into the IFRS convergence process from a teaching and learning perspective Hence this book is both timely and likely to have considerable impact in providing guidance for those who teach financial reporting around the world The contents of the book come from authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the technical aspects of IFRS and their adoption Drawing upon the experiences of those who have sought to introduce IFRS related classroom innovations and the associated student outcomes achieved therefrom the book offers suggestions about how to design and deliver courses dealing with IFRS and catalogues extensive listings of IFRS related teaching resources to support those courses This book was originally published as a special issue of Accounting Education An international journal Intangible Values in Financial Accounting and Reporting Stephan Grüber,2014-07-18 Academics and practitioners argue that intangible values have become significant value drivers of today s economy Major production inputs no longer comprise of property plant and equipment but rather of brands knowledge and other technological innovation Based on this notion information on such phenomena is supposedly crucial for existing and potential capital providers in making decisions whether to allocate resources to a company This thesis examines the information use and needs of financial analysts with respect to intangible values The purpose is to shed light on the usefulness of such information from the perspective of one of the primary user groups of IFRSs *Company Valuation Under IFRS 2e* Nick Antill,Kenneth Lee,2008 International Financial Reporting Standards IFRS are now mandatory in many parts of the world including Europe Australia and China In addition many countries are in the process of IFRS adoption Lastly foreign registrants in US companies no longer have to undertake a costly US IFRS reconciliation Therefore it is clear that investors analysts and valuers need to understand financial statements produced under IFRS to feed in to their

valuations and broader investment decisions Written by practitioners for practitioners the book addresses valuation from the viewpoint of the analyst the investor and the corporate acquirer It starts with valuation theory what is to be discounted and at what discount rate It explains the connection between standard methodologies based on free cash flow and on return on capital And it emphasizes that whichever method is used accurate interpretation of accounting information is critical to the production of sensible valuations The authors argue that forecasts of cash flows imply views on profits and balance sheets and that non cash items contain useful information about future cash flows so profits matter The book then addresses the implications for analysis and valuation of key aspects of IFRS including Pensions Stock options Derivatives Provisions Leases The text also sets out which countries use GAAP as well as the key differences between IFRS and US GAAP treatments of these issues in addition to their implications for analysis A detailed case study is used to provide a step by step valuation of an industrial company using both free cash flow and economic profit methodologies The authors then address a range of common valuation problems including cyclical or immature companies as well as the specialist accounting and modelling knowledge required for regulated utilities resource extraction companies banks insurance and real estate companies Accounting for mergers and disposals is first explained and then illustrated with a detailed potential acquisition using real companies
