These figures are provided to assist you in comparing the fuel consumption of Laser with other vehicles designed to run on unleaded petrol. In all regions of Australia the fuel consumption figures have been derived by using the accepted procedure. The actual fuel consumption you achieve will depend, however, on many factors including your driving style, the prevailing conditions and your vehicle's equipment, condition and use. These figures were derived using a standard test procedure for all passenger vehicles which operates on unleaded petrol, and which are designed to comply with Australian design rule 33.
