intermediate to advanced while written in an accessible style that demystifies even the most challenging mathematical concepts to the point where a novice student of game design can understand and apply them. Contains powerful spreadsheet techniques which have been tested with all major spreadsheet programs and battle tested with real world game design tasks. Provides short form exercises at the end of each chapter to allow for practice of the techniques discussed therein along with three long term projects divided into parts throughout the book that involve their creation. Written by award winning designers with decades of experience in the field. Ian Schreiber has been in the industry since 2000 first as a programmer and then as a game designer. He has worked on eight published game titles training simulation games for three Fortune 500 companies and has advised countless student projects. He is the co founder of Global Game Jam the largest in person game jam event in the world. Ian has taught game design and development courses at a variety of colleges and universities since 2006. Brenda Romero is a BAFTA award winning game director entrepreneur artist and Fulbright award recipient and is presently game director and creator of the Empire of Sin franchise. As a game director she has worked on 50 games and contributed to many seminal titles including the Wizardry and Jagged Alliance series and titles in the Ghost Recon Dungeons Dragons and Def Jam franchises.
