Parker,2014-10-28 Shayla Kyle and Amber have a lot in common good looks college educations rich husbands and despite their affluent lifestyles deep dissatisfaction with their lives Each feels there is a void in her dream relationship and begins to seek fulfilment beyond the routine of being a trophy wife The three draw support from each other but despite their close knit relationship each has her own secret she s not willing to share So when a newcomer Terra befriends the trio they start to question her sincerity and wonder if she has her own agenda **Wives Over Addiction** Ruth Ann Boaz,2024-03-10 Many marriages are difficult especially when the union is comprised of two very different broken people living in a broken world When alcoholism is added to the equation marriage becomes even more challenging Still no matter how often we pray about it or wish for it positive change does not happen overnight It takes unconditional love patience and grace for our spouses and ourselves to ultimately heal and move forward into a new chapter In an inspirational guide Ruth Ann Boaz draws on her faith filled experiences living with alcoholics to share tools and resources that help Christian wives navigate through the daily chaos caused by addiction realize that divorce is not the only option and find peace even if their spouse never stops drinking In addition to detailing her personal story Ruth offers insight into why it is so difficult for an alcoholic to admit he has an addiction why it is important for wives to give their controlling nature a break and realize they also have an addiction how to find healing and forgiveness and how to make big decisions Included are journal prompts that encourage personal growth Wives over Addiction provides tools personal stories and resources to help Christian wives of alcoholics lean on hope faith and love to find peace throughout their daily challenges **Addicted?** Marilyn Freimuth,2008-05-29 Despite our associating addictions with crazy out of control behavior most addictions go unrecognized Those who suffer from addictions often misinterpret their symptoms as a sign of some other problem Health care professionals who are entrusted by society to identify such problems routinely fail to do so When addictions are recognized they are confined to substance use which overlooks the wide array of activities that engage people in an addictive manner Further when addictions are detected they are in their most advanced and difficult to treat phases In large part this is due to the all or none way we think about addiction either you are addicted or not In reality an addiction does not emerge fully formed what starts out as just having fun gradually over time becomes a problem To limit the devastation created by late stage addictions and reap the benefits of early detection this book provides questionnaires that screen for a wide array of chemical and behavioral addictions at all stages of development Much in the same way we learned the early warning signs of cancer this book explores different ways to recognize the early and often subtle signs of addiction Unlike cancer where people rush to get treatment facing an
