Managing Events, Festivals and the Visitor Economy Michael B. Duignan, 2021-12-14 This edited text intended to support a research informed approach to learning and teaching presents an array of concepts collaborations and in depth cases related to managing events festivals and the visitor economy Authors offer an array of philosophical political cultural and ethical perspectives on how to achieve this across a range of contexts from Cambodia China Egypt to the British cathedral city of Lincoln Though recognising individual difference each chapter unites in their common pursuit of supporting the United Nations Sustainable Development Goals UNSDGs This is significant as utilising the UNSDGs as a normative organising framework for how we all think about plan and manage a good visitor economy is increasingly ubiquitous It is with this in mind that each chapter provides explicit links to the UNSDGs and policy and or practical implications along with a series of critical self assessment questions to reflect on the chapter s key arguments This collection aims to satiate what appears to be an increasing appetite of readers and students alike who seek exposure to rigorous debate in and out of the classroom

Creating and Managing a Sustainable Sporting Future Vassilios Ziakas, Aaron Beacom, 2020-06-09 Creating and Managing a Sustainable Sporting Future contributes to a critical understanding of the challenges key stakeholders across the globe encounter as they seek to manage periods of transition brought about by policy change relating to the provision of sport and physical activity The book uncovers the global challenges in terms of managing the re orientation of stakeholder activities and organisational strategies in response to the aspirations for a wider range of outcomes through sport based interventions and establishment of partnerships with non sport sectors It illuminates the increasingly erratic trajectory of sport development service providers as the environment within which sport organisations operate changes through for example climate change demographic shifts changing features of local economies and alterations to the structures of local government and governance and the responses of sport organisations to these new realities differ greatly depending on location institutional structures and leadership The chapters highlight the changing social economic environmental and policy contexts within which sports organisations operate and explain the subsequent need for new approaches to partnership working physical activity re scoping and integrated education programming Showing that the international mandate of creating active lifestyles and subsequent re orientation of stakeholders towards physical activity cannot only contribute to re defining sport but also in identifying novel ways for building and managing a sustainable sporting future Creating and Managing a Sustainable Sporting Future is ideal for Sports scholars and particularly those working on Sport Policy and Sustainable sport development This book was originally published as a special issue of Managing Sport and Leisure

The Impact and Evaluation of Major Sporting Events Holger Preuss, 2013-09-13 The aim of politicians is to attract new investment to their city or region in order to develop infrastructure such as telecommunications transportation housing or even sport and entertainment facilities Sporting events are also intended to

achieve intangible ends such as a better image more know how stronger networks emotional commitment and additional cultural benefits and enhanced identity All these so called event structures can improve sites in a city region by strengthening certain location factors They may improve general living conditions in the longer term and also boost the income of citizens by attracting new businesses tourists conventions or new events Finally they may foster economic growth at the city regional or national level This collection is of particular interest for anyone who intends to enter a bidding process for a major sporting event It offers the host of an event a good introduction to the potential ways to generate economic benefits and will enhance understanding of the economics behind major sporting events This book was previously published as a special issue of European Sport Management Quarterly

Managing Elite Sport Systems Svein S. Andersen,Barrie Houlihan,Lars Tore Ronglan,2015-06-26 Over the last twenty years or so there has been a sharp increase in interest from national sports federations and governments in the development of effective elite sport systems particularly focused on achieving success in the summer and winter Olympic Games Many countries now have publicly funded elite sports strategies which provide specialist facilities and support staff and often provide direct financial support for athletes These developments have stimulated academic interest in describing the elite sport systems analysing the processes by which policy is established and evaluating the impact of these policies on elite athlete success Far less attention has been placed on the operation of the elite sports systems and on how the system interfaces with the athlete The aim of this book is to refocus attention on the management and operation of systems designed to deliver elite success The book draws on the theoretical literature in implementation organisation theory leadership and complexity This provides an initial context for analysis and a stimulus for theory development around key questions such as How do coaches manage their relationship with athletes How does talent identification operate in practice Do coaches fulfil the role of gatekeeper between the athlete and other elements of the sports system e g sports science support How do managers support staff and athletes interpret the expectations placed on them The first part of the book focuses on aspects of the effectiveness of elite sports systems and the second explores aspects of systems operation focused on the interface between the athlete and the sport development system and cross cutting themes within the book include the management of talent identification and coach development This is illuminating reading for any student researcher or practitioner working in sport development sport management or sports coaching
