The Secrets of the Classical Guitar Maestro Antonio Rodríguez Delgado, 2024-11-01 The book is a treatise that explains the methodological technical mechanical and stylistic foundations for achieving a high flying competent performance on the classical guitar Among the many aspects that are addressed 12 philosophical foundations are developed from which the entire treatise flows like a cascade then 22 principles of performance are explained that are applicable to both hands There are 69 that are specific to the right hand and another 69 to the left There are various chapters in which important aspects are discussed such as nail filing the philosophy that should prevail in the search for the most finished sound and all the parameters that must be taken into account to achieve a perfect filing are analyzed such as type of nail birth of this shape of the tip resistance coefficient of friction average growth hardness etc I wrote another section to give the best suggestions on how to study and how to distribute a work day by properly distributing the volume and the pieces with static training to avoid injuries and to achieve a greater benefit in the same way I explain all the errors that we must avoid I developed another chapter where I explain overtraining something that has been well studied and diagnosed in sports but that in instrumental exercise nothing had been written about In this section I explain what it consists of the physical and psychological consequences that it brings to the instrumentalist how to detect this harmful process of degradation of the faculties of the instrumentalist musician and how to get out of this anomaly I teach fingering and explain the basic principles of how to carry out this process that is generally not taught in academies or conservatories I develop a chapter in which I analyze how the Renaissance is played from its articulation phrasing type of touch and ornamentation then I do the same with the Baroque period the Classical the Romantic Impressionism the first half of the 20th century and the second half And there is still much more which leads me to express that this work marks a milestone in the instrumental literature written to date not only about the guitar but because of everything it deals with and covers it will be a reference and consultation work not only for guitarists but for anyone who intends to effectively master the art of playing their instrumental discipline

How to Make the Ramirez 1A Classical Guitar raymond wells, 2016-06-28 Jos Ramirez III 1922 1995 was a luthier and the grandson of Jos Ramirez founder of Ramirez Guitars He was responsible for major changes both to the company and to

the classical guitars it produces Ram rez was raised in a guitar making family and served his luthier s apprenticeship in the family business founded by his grandfather and by then run by his father Jos II Ram rez worked closely with top performers which brought acceptance to his innovations In Andr s Segovia whom he first met in 1952 he found a performer who was like him passionate about achieving greater volume and clarity to allow the classical guitar to be accompanied by a full symphony orchestra View or download the Full Scale Guitar plans [Making the Contreras Classical Guitar](#) Raymond Wells,2018-05-07 Lots of photos detailed full scale plans How to make the 1A Special Classical guitar a unique and wonderful guitar Manuel Contreras I born in Madrid in 1928 It was Jose Ramirez III in 1959 and knowing of Contreras s reputation invited him to join his guitar workshop Within three years he had developed his craft sufficiently to set up as an independent guitar maker in Madrid Then in 1962 Contreras set up on his own at number 80 Calle Mayor Although Contreras should not be considered as being a luthier opposed to tradition as his primary model the 1st Special guitar is firmly based on the development of the traditionally accepted ideas of construction his inquisitive character led him to work from the early 70s on a number of unusual instruments A cursory investigation of his work reveals a maker who was much more open than many of his contemporaries to new ideas and developments beyond the traditional style of the classical guitar An enthusiast for the unconventional
