St. Nicholas Mary Mapes Dodge, 1929 **Computational Lexical Semantics** Patrick Saint-Dizier, Evelyn

Viegas, 1995-02-24 Lexical semantics has become a major research area within computational linguistics drawing from psycholinguistics knowledge representation and computer algorithms and architecture Research programs whose goal is the definition of large lexicons are asking what the appropriate representation structure is for different facets of lexical information Among these facets semantic information is probably the most complex and the least explored **Computational Lexical Semantics** is one of the first volumes to provide models for the creation of various kinds of computerized lexicons for the automatic treatment of natural language with applications to machine translation automatic indexing and database front ends knowledge extraction among other things It focuses on semantic issues as seen by linguists psychologists and computer scientists Besides describing academic research it also covers ongoing industrial projects **McKenna's Pharmacology**

Lisa McKenna, Gigi Lim, Sanja Mirkov, 2021-12-21 **The Essential Pharmacological Textbook for Australia and New Zealand** McKenna's **Pharmacology for Nursing and Health Professionals** delivers essential pharmacological information in easy to learn steps helping you to build a solid grounding in the principles of drug therapy before introducing more complex learning objectives such as pharmacodynamics and pharmacokinetics **Catholic Reformation in Protestant Britain** Alexandra Walsham, 2016-04-15 The survival and revival of Roman Catholicism in post Reformation Britain remains the subject of lively debate This volume examines key aspects of the evolution and experience of the Catholic communities of these Protestant

kingdoms during the sixteenth and seventeenth centuries Rejecting an earlier preoccupation with recusants and martyrs it highlights the importance of those who exhibited varying degrees of conformity with the ecclesiastical establishment and explores the moral and political dilemmas that confronted the clergy and laity It reassesses the significance of the Counter Reformation mission as an evangelical enterprise analyses its communication strategies and its impact on popular piety and illuminates how Catholic ritual life creatively adapted itself to a climate of repression Reacting sharply against the insularity of many previous accounts this book investigates developments in the British Isles in relation to wider international initiatives for the renewal of the Catholic faith in Europe and for its plantation overseas It emphasises the reciprocal interaction between Catholicism and anti Catholicism throughout the period and casts fresh light on the nature of interconfessional relations in a pluralistic society It argues that persecution and suffering paradoxically both constrained and facilitated the resurgence of the Church of Rome They presented challenges and fostered internal frictions but they also catalysed the process of religious identity formation and imbued English Welsh and Scottish Catholicism with peculiar dynamism Prefaced by an extensive new historiographical overview this collection brings together a selection of Alexandra Walsham s essays written over the last fifteen years fully revised and updated to reflect recent research in this flourishing field Collectively these make a major contribution to our understanding of minority Catholicism and the Counter Reformation in the era after the Council of Trent [Catalog of Copyright Entries.
