STICKY SITUATIONS

You are in the cafeteria and see someone get alonged at and teased. A group of friends decide. There is only one as your friends. What do you do?

It is a windy day and are out walking. You're 55 on the ground, not yours and some might come back for lost with the walking might blow away. What do you do?

You need to decide school but so many younger brother as it is. You think it's only one day for the team you really want to join. Should go the school you will miss your friends to try out, but if you stay your brother is alone. What do you do?

Students often are in sticky situations, and often decide. Following the rules, can be a sticky situation. What do you do? Suppose you are a student who has been teased. A group of friends decide. There is only one as your friends. What do you do?

Weighing My Choices

Read the scenarios and decide what the best choice of action is. Write the positive and negative consequences of your choice. A helpful way to decide is to write the pros and cons. For the pros, write in many words what the best choice is. For the cons, write in many words what the worst choice is.

Scenario: You are in the cafeteria and see someone get alonged at and teased. A group of friends decide. There is only one as your friends. What do you do?

Positive Consequences:
What good can happen from your choice?

Negative Consequences:
What bad can happen from your choice?

Middle School Decision Making Activities:

Decision-making Skills for Middle School Students Sherrel Bergmann, Gerald J. Rudman, 1985-01-01 Early adolescence is a time when students require adult assistance to become accurate and effective decision makers and problem solvers Because of the fragmented nature of society the family structure and the schooling process schools need to establish a nonthreatening environment in which students can discuss the issues related to growing up A decision making course in the middle school can become that program Results of the first six years of the decision making course at Elm Place Middle School in Highland Park Illinois are described illustrating a definite positive response on the part of all students The logistics for designing and implementing such a program in the middle school are discussed Teaching strategies projects and activities are outlined Sample activities are appended along with sample communications to parents and students JD

Social Decision Making/social Problem Solving for Middle School Students Maurice J. Elias, Linda Bruene Butler, 2005 School counseling staff as well as teachers and others running advisory or related groups will find this manual to be useful for helping students succeed in middle school At this critical point in their lives young adolescents can move in a positive and hopeful direction or they can enter into a negative downward spiral SDM SPS provides students with basic school survival skills and research based strategies for responsible decision making and problem solving SDM SPS uses a positive project oriented approach to help reduce school violence foster social and emotional intelligence improve academic effort and attention develop multicultural perspectives and prevent at risk students from giving up on school The authors present a thoroughly tested and effective approach for working with a broad spectrum of learners including those with emotional and behavioral disorders The manual includes numerous reproducible worksheets and assessment tools for tracking progress It provides strategies for supporting academic achievement improving media literacy skills encouraging parent involvement and implementing a school community service project BOOK JACKET **Teambuilding with Teens** Mariam G.

Schooling Students Placed at Risk Mavis G. Sanders, 2013-06-17 This book examines historical approaches and current research and practice related to the education of adolescents placed at risk of school failure as a result of social and economic conditions One major goal is to expand the intellectual exchange among researchers policymakers practitioners and concerned citizens on factors influencing the achievement of poor and minority youth specifically students in middle and high schools Another is to encourage increased dialogue about policies and practices that can make a difference in educational opportunities and outcomes for these students Although the chapters in this volume are not exhaustive they represent an array of theoretical and methodological approaches that provide readers with new and

diverse ways to think about issues of educational equality and opportunity in the United States A premise that runs through each chapter is that school success is possible for poor and minority adolescents if adequate support from the school family and community is available The conceptual approach Section I places the research and practice on students placed at risk in a historical context and sets the stage for an important reframing of current definitions research policies and practices aimed at this population Multiple research methodologies Sections II and III allow for comparisons across racial and ethnic groups as well as within groups and contribute to different and complementary insights Section III Focus on African American Students specifically addresses gender and social class differences among African American adolescents Current reform strategies presently being implemented in schools throughout the United States are presented and discussed Part IV These strategies or programs highlight how schools families and communities can apply research findings like the ones this book presents thus bridging the often wide gap between social science research and educational practice
