**Beyond Belief** John Button, 2002-02-01 In *Beyond Belief* John Button looks at what has gone wrong with the Labor Party What has happened to the faith of the True Believers and why is the ALP so bad at recruiting new members He offers a tough minded analysis of what went wrong in the last election and asks why the Labor Party has turned its back on its destiny as a party of reform Here is a very cool account of the factions which seem to stand for nothing but their own power bases and the unions who both give and get little from the ALP In a withering analysis John Button looks at the quality of Labor members and the short sightedness of a party turning its back on ideas This is an essay by a man who still believes in Chifley's light on the hill but who thinks the only hope lies with New Believers *Beyond Belief* represents one of the coolest and most disheartening accounts of a great political party this country has seen This is the Australian Labor Party seen from the perspective of an elder statesman who has an absolute belief in the moral superiority of the Labor cause
