

Myself Essay | Brief Essay About Myself For All Level Students

Myself Introduction

I, being a human, am a kind, loving, and caring human being. I belong to a middle-class family. My family is the real essence of my life.

I owe everything to my family, especially my parents, brothers, and sisters, who stood by me through thick and thin and supported me to achieve my goals.

My name is Suresh Singh. I am 25 years old. I have recently passed my BBA from a recognized university.

Myself Essay Supporting Details

My father is a doctor who is very strict and always insists that the whole family take care of their health.

He is a doctor who advises us to be at home during the lockdown. As the infection of COVID-19 is spreading by leaps and bounds, many cases have appeared in our city.

He asks us to wash our hands frequently and to wear face masks and cough in sleeves. My father goes to the hospital daily. When he returns from the clinic, he takes a shower in detail and applies hand sanitizer before touching anything.

I owe everything to my family because they didn't only support me but taught me the values of life. From my family, I learned the value of honesty, time, hard work, commitment, and sincerity.

I am the elder son of my parents. I have three younger brothers and two younger sisters. I love all my family members. They are all very near and dear to me. My parents asked me to do some of the outdoor chores around the house.

I am answerable and accountable to my parents. I, being an elder one, have to take care of my younger brothers and sisters and I have to do righteous deeds so that my brothers and sisters learn from me and follow me as I learned and followed my parents.

Student Self-Evaluation: Fostering Reflective Learning Jean MacGregor, 1993 For several decades college teachers have been asking students to engage in self evaluation to reflect on their academic work and describe and evaluate it in writing Student self evaluation is

both a process consisting of acts of reflecting composing and writing and a product a written document Student self evaluation does not obviate the need for student exams and papers crucial indicators of student mastery of material or complexity of thinking Rather student self evaluation supplements and complements that information by asking students to describe in their own words their learning and its value to them This writing and the conversations that faculty members and students have about it can be instructional illuminating and at times transformative Student self evaluation is primarily a learning strategy but it is also a promising assessment approach while enriching learning for students it also can help teachers and institutions learn about student learning This volume of New Directions for Teaching and Learning introduces the many forms of student self evaluation in undergraduate teaching settings and describes how student self evaluation creates connections between learners and learning knowers and the known and the self and the mind This is the 56th issue of the quarterly journal New Directions for Teaching and Learning For more information on the series please see the Journals and Periodicals page
