 Thomas J. Harvey,2012-09-04 The Colorado River Plateau is home to two of the best known landscapes in the world Rainbow
 Bridge in southern Utah and Monument Valley on the Utah Arizona border Twentieth century popular culture made these
 places icons of the American West and advertising continues to exploit their significance today In Rainbow Bridge to
 Monument Valley Thomas J Harvey artfully tells how Navajos and Anglo Americans created fabrics of meaning out of this
 stunning desert landscape space that western novelist Zane Grey called the storehouse of unlived years where a rugged more
 authentic life beckoned Harvey explores the different ways in which the two societies imbued the landscape with deep
 cultural significance Navajos long ago incorporated Rainbow Bridge into the complex origin story that embodies their
 religion and worldview In the early 1900s archaeologists crossed paths with Grey in the Rainbow Bridge area Grey credited
 with making the modern western novel popular sought freedom from the contemporary world and reimagined the landscape
 for his own purposes In the process Harvey shows Grey erased most of the Navajo inhabitants This view of the landscape
 culminated in filmmaker John Ford s use of Monument Valley as the setting for his epic mid twentieth century Westerns
 Harvey extends the story into the late twentieth century when environmentalists sought to set aside Rainbow Bridge as a
 symbolic remnant of nature untainted by modernization Tourists continue to flock to Monument Valley and Rainbow Bridge
 as they have for a century but the landscapes are most familiar today because of their appearances in advertising Monument
 Valley has been used to sell perfume beer and sport utility vehicles Encompassing the history of the Navajo archaeology
 literature film environmentalism and tourism Rainbow Bridge to Monument Valley explores how these rock formations
 Navajo sacred spaces still have become embedded in the modern identity of the American West and of the nation itself A
