Sea & Sky (Moonfire Trilogy Book 2) Patty Jansen,2016-09-20 Sanity is a lone voice crying in the desert The world is under increasing threat from as yet undiscovered sources of icefire but all the people who have answers are cut off from the authorities kings or councils with the power to mobilise the scientists and armies to keep the world safe Young meteorology student Javes is stuck in the remote desert of the north The area bristles with technology of an ancient past but he cannot tell anyone about it because roads and telegraph lines have been cut by bad weather and invading bandits Lana a fellow student is on her way to meet him but Aranian soldiers raid the bus that she s travelling on She is taken to the capital to serve at the king s court King Orik of Arania seems hell bent on destroying the two neighbouring countries that have poked fun at Arania for over forty years No

one is watching the skies No one is tallying up the disasters No one is searching for the source of icefire even though it will kill the whole world if left unchecked **Dancing with Fire** Devika Fernando,2016-01-03 Recommended for fans of Nora Roberts When a fire witch and an ice wizard flee to Iceland to build a new life they never expect the one thing that could tear them apart Kyle adding his own magic into the mix Felicia starts questioning everything they have She is torn between the man who loves her but is her polar opposite and the man who attracts her but means nothing but trouble As if her confusing emotions weren't enough Felicia finds her life turned upside down when a terrifying natural disaster threatens the end of the country and the entire world Will she be able to control her gift and play the part that is expected of her Will she give in to temptation or will she save the world **Inkspell (Inkheart Trilogy, Book 2)** Cornelia Funke,2011-10-01 The captivating sequel to INKHEART the critically acclaimed international bestseller by Cornelia Funke available for the first time in a beautifully designed trade paperback Although a year has passed not a day goes by without Meggie thinking of INKHEART the book whose characters became real But for Dustfinger the fire eater brought into being from words the need to return to the tale has become desperate When he finds a crooked storyteller with the ability to read him back Dustfinger leaves behind his young apprentice Farid and plunges into the medieval world of his past Distraught Farid goes in search of Meggie and before long both are caught inside the book too But the story is threatening to evolve in ways neither of them could ever have imagined **Fire & Ice (book 1 Icefire Trilogy)** Patty Jansen,2011-10-06 Love the writing characters and story Kevin Anderson author of the Dune novels about the Icefire story on which this fantasy series is based Deep under the City of Glass in the frozen southern land an age old machine called the Heart of the City radiates a power which locals call icefire Most citizens are immune to it but a few always born with physical disabilities can bend it to their will For fifty years the ruling Eagle Knights who fly on the back of giant birds have killed these Imperfects fearing the return of the old royal family who used icefire to cut out people's hearts turning them into ghostly servitors The old king's grandson Tandor only sees the good things icefire brought power and technology now forgotten while the people of the south live in dire poverty He's had enough of seeing his fellow kinsfolk slaughtered by ignorant Knights of Imperfect babies being abandoned on the ice floes to be eaten by wild animals His grandfather's diary tells him how to increase the beat of the Heart the first step to making the land glorious once more Arrogant as he is he sets the machine in motion All he needs is an army of Imperfect servitors to control the resulting power Isandor is Imperfect an ex Knight apprentice betrayed by his best friend and running for his life The queen Jevaithi is Imperfect living like a prisoner amidst leering Knights surviving only because the common people would rebel if their beloved queen were harmed Both are young and desperate and should be grateful that Tandor wants to rescue them from their hopeless situations Or so he thinks The youngsters however have no inclination to become heartless ghosts but while they defy Tandor the Heart beats and he alone cannot control its power For people who like their fantasy dark and gritty Think Joe Abercrombie Karen Miller Robin Hobb George R R Martin free freebie dark fantasy steampunk post
