\*On color code 27 and 08 in the first coat column there are two application codes. Because the color code is for a two coat paint, the following two two coat color code of two coat

paint are used. For example, for color code 27 (05-J), the green black is used as a base to achieve the brown two coat. A Pearl Candytone coat is used to achieve the candy tone color.

Therefore, careful handling is required. After the base coat is applied, the required top layer and paint applied to it. The remainder of the paint process is the same for each color.
