even hate is vital to our self image. Consciously or not, we constantly seek recognition from our friends, our family groups, we join the work we do, and for some spiritual sources. Being liked on Facebook, admired for our work, complimented on our clothing or cooking, not only feels good but affirms how we identify ourselves. How did the recognition we receive when growing up influence our self image? What role did recognition play in constructing human consciousness from the time of the first humans? How does recognition from our current milieu contribute to our identity? How does a healthy self image differ from excessive self esteem and narcissism? And finally, what is the importance of mutual recognition for empathy and cultural harmony? Learn why recognition is not only important in our lives but helps answer that timeless question: Who am I?
