

## Essay For Future Plan In Medicine

Respected Madam,

I am an international medical graduate from WHO medical school directory listed institute – SMIMER (Surat Municipal Institute of Medical Education & Research) during year 2013. During next 10 years, I dream to become Infectious Diseases specialist, as hospitalist as well as academician who serve all the time for better health of patient and society. I believe it is important to learn advanced practice and systemic approach in the field of Internal Medicine of developed country. In several under-developed and developing countries, in remote and suburban areas, population is increasing fast which will be in dire need of better and affordable health care.

As academician, I want to share knowledge and train future generation clinician to follow best practices. I believe with graduation in Internal Medicine from United States of America will help me to serve them and realize my dream. I wish to enhance my knowledge and learn practice by being shadow of physicians and staff in the "INTERNAL MEDICINE" department at your esteemed institute. The experience will provide me opportunity to have close observation of health care system in USA. With participation global observership program, I can definitely advance step further in my future plan & also provide me institutional level experience for my Internal Medicine.

Residency & post graduate program will fulfill my thrust in research field which is totally ignored area in home country. The opportunity will also boost my performance and prospect of getting a "INTERNAL MEDICINE" residency match when I apply next September. I will be obliged to become part of one world's most advanced healthcare systems. I understand that the observership program does not involve direct patient interaction and it may not be remunerated. I am willing to follow any instructions and regulations you deem necessary. I will be very grateful if you can place me for a month of JULY-AUGUST 2014 observership rotation in the internal medicine department.

Yours Sincerely, Jugal Chahwala
