Grandma's Gems of Wisdom Elaine L. Mroczka, 2021-12-07 Wisdom is a gift received from traveling life's journey. Everyone experiences situations in life though unique to them that are either pleasant or painful. Grandma's charming witty and heartfelt sayings may be familiar and others not so much. But most everyone can relate to all of them. May these sayings provide renewed purpose, courage, strength, and inspiration helping to navigate through the joys and challenges in life. They truly are gems of wisdom. "My Husband's Trying to Kill Me!" Jim Schutze, 2023-01-10 From an award-winning journalist, this grippingly suspenseful true crime tale details the foiling of a wealthy Texan's plot to have his wife murdered. Publishers Weekly To the world, Linda DeSilva's marriage to Robert Edelman was perfect. He was her college boyfriend, turned wealthy and successful husband and the father of her children. But what friends and family didn't know was that the Texas real estate tycoon who set her up with a luxurious life in Dallas was also her abuser. When she asked him for a divorce, the violence against her only escalated until the shocking moment she learned her husband had hired an assassin to take her life. From acclaimed journalist and author Jim Schutze, *My Husband's Trying to Kill Me* is the riveting true crime account of how Linda DeSilva worked with the FBI to trap her husband before he could act on his murderous intentions and how the sting operation nearly got her killed instead. A shocking and sensational story of a wife and mother's escape from the marriage that went from American dream to every woman's worst nightmare. *Numbing* Kirkus Reviews *Packing Grandma's China* Lana M. Tatom, 2013-09-30 Somewhere along the way in life, you start to listen to that little voice. We are all on this journey together, growing, learning, and changing. As I stood in the kitchen of my dream home, looking out on the still water of the pond, I cried. Warm, salty tears streamed down my face as I told myself I could do this. Just start with one box, don't get overwhelmed. Pack one box, stay focused. I started packing Grandma's china first. As I packed the china, a flood of memories came of the countless times I had carefully wrapped up each piece and placed them into the box. It was at that moment that I decided to write about this beautiful set of china, all the experiences and lessons I have learned along my journey. It is through my grandmother's journey that I have found my own strength and freedom. Twenty years and thirteen moves later, the china is the only set of dishes I own. When was the last time you used your china? What are you waiting for? Don't leave it locked up waiting for a special occasion. Make today the special occasion you have been waiting for. Power of Story Joan Wink Ph.D.,2017-11-07 Through this book readers will discover that stories can move the human heart and head in ways that research cannot. Stories bring together readers, writers, librarians, teachers, students, and families in the libraries of today and will continue to do so tomorrow. Written for all those lovers of literacy, this book links libraries and literacies through the power of stories. The book is not filled with data in the form of pie charts, graphs, and tables. Rather, the truth of the research is grounded in authentic stories that reflect not only the interpretation of data but also the transformative nature of literacies and libraries. The author's primary goal is that readers will come to value and use storytelling in their own professional and personal lives to explain and expand on complex concepts and to make information more accessible for all. The book begins by presenting anecdotes and the author's personal story to lay the foundation for what literacies are and what literacy is not. An activity, *Spiral of Literacy*, allows readers to reflect on their own literacies. Chapters that follow each begin with a story that sets the theoretical foundation. Each chapter concludes with an action section that demonstrates how to turn theory to practice, whether you are in a library, a classroom, or at home. A final chapter envisions what libraries might look like in 10 years through interviews with librarians, teachers, and others interested in literacy.

Autumnal Leaves Pabitra Mohan Nayak, These stories bring life to rural and suburban humanity and their despair, zest, faith in short their life. The stories weave a panorama of the fabric of life in a world where birth, death, grief, joy, and anything life throws up is accepted naturally and without a struggle. We believe that this author would have a significant chance of making a mark and in particular of finding favour with both the Indian and the Western reading publics; it is the fusion of cultures that broaden horizons and perspectives.
