Royer,2018-08-21 When I started thinking about building a Faith based curriculum for the early childhood classroom my goal was to create a curriculum that would catch the interest of children 0 Kindergarten See I have worked in the early childhood classroom for almost two decades and while the goal is at the heart of the curriculum I have used the interest it has sparked in our young ones is mild and dulled down at best How can we best instill an excitement to learn in our young ones By making the material and manipulatives hands on and exciting I don t mean by reading a story and pulling out paper puppets on craft sticks although this may be what some children like and want to explore What I mean is presenting values and morals in an explorative manner in conjunction with developmentally appropriate learning standards that help engage your students in learning experiences while getting them excited Including stories and sensory materials story buckets role playing with dress up materials including a variety of mixed media to spark your student s interests is absolutely necessary Create an environment that appeals to learners of various ages backgrounds and learning styles Make your lesson times fun and interesting and your learners will gravitate back for more *NKJV Study Bible, Full-Color* Thomas Nelson,2018-11-20

**Facing the Beast** Naomi Wolf, 2023-11-09 From New York Times bestselling author Naomi Wolf *Facing the Beast* is a devastating detailed account of wrongthink deplatforming and an unexpected political personal and spiritual transformation that followed during one of the most divisive times in American history In this uncompromising investigation into today's most urgent issues Naomi Wolf uses her own wildly politicized pilgrimage from New York Times bestselling author and high level Democratic consultant to a journalist cast out from the elite political and social circles she once moved through as a stunning narrative framework that is both chilling and incisive Wolf's sin Doing the job that good journalists once prided themselves on asking questions challenging authority and during one of the most politically divisive moments in

modern history exposing the many failures of the public health response during the COVID 19 pandemic by chronicling the dangerous descent of our democracy into tyranny censorship and totalitarianism Unable to remain silent in the shadows and unwilling to collude with the mainstream Wolf bravely covers topics that few other writers dare to address critically for fear of being deplatformed Facing the Beast explores reproductive rights medical freedom the uncaring thought policing of the progressive left the Second Amendment the criminal relationship between the FDA and Pfizer Wolf's clear writing repeatedly shines light in the dark corners of our fractured society A decades long champion of free speech freedom of the press and the Constitution Wolf found herself not only in the midst of a political rebirth but a spiritual transformation as well one in which the events of the day could only be described in terms of good evil and a metaphysical quest on the nature of reality For readers of Matt Taibbi Glenn Greenwald and Bari Weiss Facing the Beast is a fearless indictment of legacy media and the political class as well as a brutal reminder that searching for and defending the truth can be dangerous Naomi Wolf is one of the bravest clearest thinking people I know The reason you hear the forces of repression so desperately trying to dismiss her is because she is right Tucker Carlson
