

Edith Wharton

Edith Wharton (born Edith Newbold Jones, January 24, 1862 – August 15, 1937) was an American writer and designer. Wharton drew upon her insider's knowledge of the upper-class New York "aristocracy" to portray realistically the lives and morals of the Gilded Age. In 1907, she became the first woman to win the Pulitzer Prize in Fiction, for her novel *The Age of Innocence*. She was inducted into the National Academy of Arts in 1930. Among her other well-known works are *The House of Mirth*, the novella *Ethan Frome*, and several notable ghost stories.

Despite not publishing her first novel until she was forty, Wharton became an extraordinarily productive writer. In addition to her 15 novels, seven novellas, and eighty-five short stories, she published poetry, books on design, travel, travel and lecture notes, and a memoir.

Many of Wharton's novels are characterized by subtle irony, and she is often credited with being the first to use the term "social climbing" in her 1905 novel *The House of Mirth*.

Wharton's novels, short stories, and travel writing were widely read, and she was a leading figure in the American literary scene. Her work is characterized by a keen eye for detail and a deep understanding of the social and cultural forces that shaped the lives of the people she wrote about. Her novels often explore themes of class, power, and the constraints of society, and her writing is known for its clarity and precision.

Industrial Revolution and the Arts
The Industrial Revolution was a period of rapid change in the way that goods were produced and distributed. This led to the growth of cities and the rise of the middle class. The arts were also affected by this revolution, as new technologies and materials were used in the creation of art. This led to the development of new styles and movements, such as Impressionism and Modernism.

Wharton's novels often reflect the social and cultural changes of the Industrial Revolution. Her characters are often caught between the old and the new, and her writing explores the tensions and contradictions of this period. Her novels are a valuable record of the lives of the people who lived through this time.
