In **Everything, Everything**, Maddy is a girl who's literally allergic to the outside world, and Olly is the boy who moves in next door and becomes the greatest risk she's ever taken. This extraordinary first novel about love so strong it might kill us is too good to feel like a debut. Tender, creative, beautifully written, and with a great twist, **Everything, Everything** is one of the best books I've read this year." Jodi Picoult. My

The Explanation for Everything Lauren Grodstein, 2013-09-03 As she did in the bestselling novel A Friend of the Family Lauren Grodstein has written another provocative morality tale this time dissecting the permeable line between faith and doubt College professor Andy Waite is picking up the pieces of a shattered life Between his research in evolutionary biology and caring for his young daughters his days are reassuringly safe if a bit lonely But when Melissa Potter charismatic unpredictable and devout asks him to advise her study of intelligent design he agrees Suddenly the world that Andy has fought to rebuild is rocked to its foundations A well crafted story of wayward souls searching for forgiveness healing and personal truth Family Circle Grodstein handles everything with a subtle wit managing to skewer both the ultraconservative and the ultraliberal without making either seem absolutely wrong Reminiscent of Carolyn Parkhurst s Dogs of Babel Booklist Finding or losing God proves to be an equally destabilizing tectonic shift and this novel is full of them Their cumulative force will leave you happily unsteady and moved The Washington Post A master storyteller Tackles the tough topics healing after loss the relevance and possibility of the divine in our lives the gilded shackles of academic life and life in Southern New Jersey all while always being terrifically entertaining Ben Schrank author of Love Is a Canoe Engrossing You ll likely close the book with a new perspective on faith justice mercy and the difficulty of holding a moral high ground Bust A novel of ideas and a deeply felt story of love loss hope

and the healing powers of forgiveness A provocative moving story and a beautifully written one Dani Shapiro author of Devotion

Our New Human Consciousness Terry Sands,2011-05-12 Every few thousand years our human culture experiences a massive evolutionary transformation In the next few years our consciousness will change very rapidly and move us beyond anything we can presently imagine This change of consciousness is happening naturally to each of us now and it will affect every aspect of how we think how we live and how we love We are a culture in search of its spirit and this change of consciousness is evolutionarily next for humankind on this planet When the awareness opens one may search many avenues and attractions for truth and enlightenment and find the search lacking in result The next step may be the path of Self discovery But the direction on this path will not be given to us by a great teacher who comes down from the mountaintop with answers cast in stone but rather by lots of little great teachers who could be called pathfinders And to move into this new consciousness we will transform the mind and the way it works with new mental skills and mental technology Our success is inevitable The ease or difficulty with which we achieve this success is still in formation We will survive the transition physically The question is whether we will survive psychologically Psychological survival in this transition depends on only one thing Developing the ability and inner discipline to completely instantaneously unquestioningly and continuously adapt to change
