Wilde, 2015-01-20 In New York Times bestselling author Jennifer Wilde s sensually riveting historical romance a young lady betrayed by her first love scandalizes society by becoming one of the world s most celebrated dancers and desirable women When dashing soldier and diplomat Brence Stephens rescues Mary Ellen Lawrence from a band of ruffians on the Cornish moors a rare passion is ignited in their hearts Yet when she needs him most Brence abandons her With the wild blood of her gypsy father running through her veins Mary Ellen vows to someday pay him back as she travels to London where she is determined to become the greatest ballerina in Europe It s a promise she won t keep She possesses something rarer than talent star quality Reborn as the fiery Elena Lopez Mary Ellen dazzles the most powerful and celebrated men with her sultry performances From princes to heads of state her conquests include amorous composer Franz Liszt and Parisian literary lion Alexandre Dumas But even as destiny carries her from the capitals of Europe to California s golden hills Mary Ellen knows that only one man the elusive darkly compelling Brence can satisfy the wild longings in her heart **The Last Knight**

Sila, Larry Silver, Freyda Spira, Robert Wlattnig, Barbara Wolf, Christina Zenz, 2019-10-02 Maximilian I 1459 1519 skillfully crafted a public persona and personal mythology that eventually earned him the romantic sobriquet Last Knight From the time he became duke of Burgundy at the age of eighteen until his death his passion for the trappings and ideals of knighthood served his worldly ambitions imaginative strategies and resolute efforts to forge a legacy A master of self promotion he ordered exceptional armor from the most celebrated armorers in Europe as well as heroic autobiographical epics and lavish designs for prints Indeed Maximilian s quest to secure his memory and expand his sphere of influence despite chronic shortages of funds that left many of his most ambitious projects unfinished was indomitable Coinciding with

the 500th anniversary of Maximilian's death this catalogue is the first to examine the masterworks that he commissioned revealing how art and armor contributed to the construction of Maximilian's identity and aspirations and to the politics of Europe at the dawn of the Renaissance p p1 margin 0 0px 0 0px 0 0px font 14 0px Verdana *Hawk's Flight* Helen Rose Hull,1946 **A Physical Treatise on Electricity and Magnetism** James Edward Henry Gordon,1883

Burack,2005-11-20 This book demonstrates how D H Lawrence's prophetic ambitions impelled him to create novels that would radically transform the consciousness of his readers Charles Burack argues that Lawrence's major novels beginning with *The Rainbow* are structured as religious initiation rites that attempt to break down the reader's normative mindset and to evoke new numinous experiences of self and world Through careful analysis of narrative structure literary technique and sacred discourses Burack shows that Lawrence tries to initiate the reader into his own version of religious vitalism Unlike most initiations that conclude with powerful affirmations Lawrence's novels generally end with an attempt to subvert the formation of new religious dogmas and to encourage sacred erotic exploration **The Schenley Experiment** Jake Oresick,2017-04-14 The Schenley Experiment is the story of Pittsburgh's first public high school a social incubator in a largely segregated city that was highly even improbably successful throughout its 156 year existence Established in 1855 as Central High School and reorganized in 1916 Schenley High School was a model of innovative public education and an ongoing experiment in diversity Its graduates include Andy Warhol actor Bill Nunn and jazz virtuoso Earl Hines and its prestigious academic program and pensions lured such teachers as future Pulitzer Prize winner Willa Cather The subject of investment as well as destructive neglect the school reflects the history of the city of Pittsburgh and provides a study in both the best and worst of urban public education practices there and across the Rust Belt Integrated decades before *Brown v Board of Education* Schenley succumbed to default segregation during the white flight of the 1970s it rose again to prominence in the late 1980s when parents camped out in six day long lines to enroll their children in visionary superintendent Richard C Wallace's reinvigorated school Although the historic triangular building was a cornerstone of its North Oakland neighborhood and a showpiece for the city of Pittsburgh officials closed the school in 2008 citing over 50 million in necessary renovations a controversial event that captured national attention Schenley alumnus Jake Oresick tells this story through interviews historical documents and hundreds of first person accounts drawn from a community indelibly tied to the school A memorable important work of local and educational history his book is a case study of desegregation magnet education and the changing nature and legacies of America's oldest public schools **PC Mag** ,1992-04-14 PCMag.com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry
