and Dynamics of Rural Transformation in India Madhusudan Bhattarai, P.K. Viswanathan, Rudra N. Mishra, Cynthia

Bantilan, 2018-06-08 This book offers an assessment of the performance impact and welfare implications of the world's

largest employment guarantee programme the Mahatma Gandhi National Rural Employment Guarantee Act MGNREGA

Launched by the Indian government the programme covers entire rural area of the country The book presents various micro

level analyses of the programme and its heterogeneous impacts at different scales almost a decade after its implementation

While there are some doubts over the future of the scheme as well as its magnitude nature and content the central

government appears committed to it as a convergence scheme of various other welfare and rural development programmes

being implemented at both national and state level The book discusses the outcomes of the programme and offers critical

insights into the lessons learnt not only in the context of India but also for similar schemes in countries in South and South

East Asia as well as in Africa and Latin America Adopting inter disciplinary perspectives in analysing these issues this unique

Asian Feminisms Nursyahbani Katjasungkana, Saskia E. Wieringa, 2011-10-18 This book on the future of Asian feminisms

confronting fundamentalisms conflicts and neo liberalism is a critical contribution to the rising voices of Asian women's

studies scholars and activists It is based on the ongoing research and advocacy work of the Kartini Asia Network founded in

2003 in Manila The five overlapping themes of the network are women gender studies fundamentalisms conflicts livelihood

and sexuality Considering that the economic and political weight of the region is growing fast and that the 21st century has

been named the Asian century Asia is increasingly recognised as the continent to which economic if not political power will

shift in the coming decades The chapters brought together in this volume demonstrate the great diversity of the transversal

cultural flow that women's movements within Asia provide Members of the Kartini network stimulate the articulation of a

particular Asian voice in women's studies and in the global women's movement Considering the existing patriarchal

structures all over the continent a continuum of oppressions unfolds from the global sphere of market exchange to emerging

fundamentalisms and to bitter conflicts and struggles around sexualities The present volume provides elements for the critical dialogues that are needed between women in the region between women and men between people in all sorts of strategic positions and between theoreticians in the Global South and the Global North to create a world in which human dignity is not eroded by predatory economic processes and in which democracy diversity pluralism and inclusivity are the guiding principles of governance
