Steinbeck Bibliographies Robert B. Harmon,1987-03-28 No descriptive material is available for this title **The Confessions of a Number One Son** Frank Chin,2015-02-28 In the early 1970s Frank Chin the outspoken Chinese American author of such plays as *The Chickencoop Chinaman* and *The Year of the Dragon* wrote a full length novel that was never published and presumably lost Nearly four decades later Calvin McMillin a literary scholar specializing in Asian American literature would discover Chin s original manuscripts and embark on an extensive restoration project Meticulously reassembled from multiple extant drafts Frank Chin s forgotten novel is a sequel to *The Chickencoop Chinaman* and follows the further misadventures of Tam Lum the original play s witty protagonist Haunted by the bitter memories of a failed marriage and the untimely death of a beloved family member Tam flees San Francisco s Chinatown for a life of self imposed exile on the Hawaiian island of Maui After burning his sole copy of a manuscript he believed would someday be hailed as *The Great Chinese American Novel* Tam stumbles into an unlikely romance with Lily a former nun fresh out of the convent and looking for love In the process he also develops an unusual friendship with Lily s father a washed up Hollywood actor once famous for portraying Charlie Chan on the big screen Thanks in no small part to this bizarre father daughter pair not to mention an array of equally quirky locals Tam soon discovers that his otherwise laidback island existence has been transformed into a farce of epic proportions Had it been published in the 1970s as originally intended *The Confessions of a Number One Son* might have changed the face of Asian American literature as we know it Written at the height of Frank Chin s creative powers this formerly lost novel ranks as the author s funniest most powerful and most poignant work to date Now some forty years after its initial conception *The Confessions of a Number One Son* is finally available to readers everywhere

Gimpel,2010-05-25 Natives who change residence do not settle in the same places as immigrants *Separate Destinations* argues that these distinct mobility patterns coupled with record levels of immigration from

impoverished third world nations are balkanizing the American electorate James G Gimpel examines the consequences of different patterns of movement and settlement on the politics of the communities in which these different groups settle Newer immigrants are constrained by a lack of education money English literacy and information and frequently by discrimination to live in areas of coethnic settlement Domestic native born migrants predominantly Caucasian free of discrimination and possessing more money and information move where they wish often to communities where immigrants are not welcome or cannot afford to live Strong evidence suggests that spatially isolated immigrants are slower to naturalize and get involved in politics than domestic migrants Gimpel looks closely at states with very different patterns of migration and immigration California Colorado Kansas Kentucky Florida Pennsylvania and New York In these states Gimpel shows the impact of population mobility on party registration party votes and voter turnout and asks whether population changes have changed the dominant party in a state or produced a political reaction from natives Separate Destinations contains a number of thematic maps detailing the settlement patterns of internal migrants and immigrants for both counties and census tracts Blending insights from a number of social science disciplines including economics demography sociology political science and anthropology this book will be of interest to a wide and diverse readership of scholars students and policymakers James G Gimpel is Associate Professor of Government University of Maryland

Hope Among Us Yet David P. Peeler, 2008 In *Hope Among Us Yet* David Peeler examines art and literature of the Great Depression to reveal a common pursuit and common dream in the work of writers photographers and painters who turned their talents toward the utter dislocation and despair of 1930s America Thrust out of the gilded world of the 1920s by the extent of the crisis these artists used their canvases cameras and pens to condemn capitalism and seal its demise with stunning evidence of its evils As the years drew on however artists began to dream of a new more equitable social order and the solace of those dreams rather than the earlier vilification came to dominate Depression art Discussing the photographs and paintings many of them reproduced in this book the essays and novels of the Depression era David Peeler shows that in their pursuit of the reality of 1930s America social artists also dreamed of a rebirth of Western art But as American capitalism revived with the onset of World War II hopes for a new order faded and the vision of the Depression's artists remained the unfilled prophecy of their works

The Log from the Sea of Cortez John Steinbeck, 1995-11-01 A Penguin Classic In the two years after the 1939 publication of Steinbeck's masterful *The Grapes of Wrath* Steinbeck and his novel increasingly became the center of intense controversy and censorship In search of a respite from the national stage Steinbeck and his close friend biologist Ed Ricketts embarked on a month long marine specimen collecting expedition in the Gulf of California which resulted in their collaboration on the *Sea of Cortez* In 1951 after Ricketts' death Steinbeck reissued his narrative portion of the work in memory of his friend and the inspiration for *Cannery Row*'s Doc This exciting day by day account of their journey together is a rare blend of science philosophy and high spirited adventure This edition features an introduction by Richard Astro For more than seventy years
