

Kansas Certified Medication Aide (CMA) Practice Course

About the Service:

Welcome to our CMA practice course. This is the first of two courses that will prepare you to take the certification exam and become a Certified Medication Aide (CMA). The Kansas Board of Nursing requires all CMA's to complete both courses and pass the state exam before they can be certified. To help prepare you for this exam we have developed an online practice course that includes information on how to give medications safely, how to recognize and treat common side effects, and how to prevent errors associated with each medication.

The first section of this course covers basic information about medications, including their different uses and side effects. The second section covers more advanced topics such as recognizing drug interactions and preventing errors when administering medications. At the end of this course you will have an opportunity to take a final assessment covering all topics covered in the course. If you score 80% or above on this final assessment you will be eligible for certification as a Certified Medication Aide (CMA).
