

Outline for the Extended Essay

Due date: 1/11/16

1. Your outline should be treated as a work in progress. Change it as needed. Keep it up-to-date so you can keep track of your organization. It may help prevent you from feeling overwhelmed.
2. Use the following guidelines:
 - a. All outlines typed, Arial, 12 pt. font
 - b. All points—complete sentences, paragraph style
 - c. Works cited page that matches the citations used in your outline
3. Your outline is due 1/11/15. Please upload to Managebac. I am giving you a long time to do this correctly. It is not a short outline and it will be your summative grade for the quarter.
4. Remember—the outline serves several purposes. It will:
 - a. Tie your research question (**your claim**) to your arguments.
 - b. Serve as an argument check. Have you sufficiently developed arguments (**your reasons**) that support your research question? Is your reasoning logical—that is, grounded in **researchable evidence**? Your argument must move beyond personal reasoning (opinion and logical reasoning are not the same thing).
 - c. Serve as an **evidence/research** check. Do you have sufficient evidence to support your claims and reasoning? This is the hard part. All of your arguments must be supported by evidence that you have gathered through research
 - d. Serve as a counter argument check. Are you able to lay out **claims and evidence that “argue” against your claim**? You must think about how another person others could think critically about, analyze and refute your argument.
 - e. Serve as a **discovery tool** to help determine whether you have done enough research.
 - f. Serve as an **organizational tool** that guides the writing of your draft
5. Use these key point to help you think about your outline:
 - a. Research Question = Claim (your position on your topic)
 - b. Arguments = Reasons (why you believe your claim)
 - c. Researchable Evidence = Support (what the experts say)
 - d. Counter Arguments / Evidence = Reasons / Support that refutes your primary claim (gives you the opportunity to say why your position is stronger, better or should be taken seriously)
6. Although, the structure of your essays will vary, the following outline is generally enough to work for all essays. Even literature essays can develop a counter argument.
