Bocquet, David Quéré, Thomas A. Witten, Leticia F. Cugliandolo, 2017-09-22 Many of the distinctive and useful phenomena of

soft matter come from its interaction with interfaces Examples are the peeling of a strip of adhesive tape the coating of a surface the curling of a fiber via capillary forces or the collapse of a porous sponge These interfacial phenomena are distinct from the intrinsic behavior of a soft material like a gel or a microemulsion Yet many forms of interfacial phenomena can be understood via common principles valid for many forms of soft matter Our goal in organizing this school was to give students a grasp of these common principles and their many ramifications and possibilities The Les Houches Summer School comprised over fifty 90 minute lectures over four weeks Four four lecture courses by Howard Stone Michael Cates David Nelson and L Mahadevan served as an anchor for the program A number of shorter courses and seminars rounded out the school This volume collects the lecture notes of the school **Connecting Practices** Elizabeth Shove,2022-11-11

Connecting Practices develops a distinctive method of conceptualising significant trends and global issues including environmental sustainability and inequalities in wealth and health arguing that these are outcomes of the ways in which social practices interact and combine across space and time Engaging with the question of how connections are made between practices and how past and present combinations make some futures more likely than others this book brings practice theory to bear on large problems in society Richly illustrated with examples from the spreading of germs to the history of shipping containers this powerful analysis of how societies hang together and how they change will appeal to scholars and students of sociology and social theory Cracking the AP Chemistry Exam, 2013 Edition Paul
