Extinction Thriller German Edition:

The Extinction Club Jeffrey Moore, 2013-05-01 Nile Nightingale is on the run Fleeing across the border to rural Quebec he seeks refuge at an abandoned church when his junked up overstimulated mind takes in that he has just witnessed a body drop in a bloody sack tied with Christmas ribbon The contents unconscious but still alive turn out to be fifteen year old C leste Jongu res who has been beaten and slashed like wild game to slowly bleed out From his hideout as he nurses his patient back from the brink and begins to face his own life he pieces together what he has stumbled into Animal rights activists C leste and her beloved grandmother have taken on a vicious poaching ring operating from Quebec's Laurentian Mountains and dealing in bear and other animal parts for the international market with the collusion of corrupt rangers and police Her grandmother has died suspiciously And now that Nile has saved C leste from the dead the poachers and their accomplices in this small town have taken notice and are cautiously but inexorably closing in Featuring two brilliant misfits as unlikely sleuths and by turns comic and darkly tragic this haunting thriller is a neo noir tour de force abounding in puzzles and mysteries from a missing cat to the fate of the Eastern cougar **Extinction** Mark Alpert, 2013-02-12 A malevolent artificial life form created by military scientists threatens to destroy humanity in this smart Crichtonesque thriller Jim Pierce hasn t heard from his daughter in years ever since she rejected his military past and started working as a hacker But when a Chinese assassin shows up at Jim's lab looking for her he knows that she's cracked some serious military secrets Now her life is on the line if he doesn't find her first. The Chinese military has developed a new anti terrorism program that uses the most sophisticated artificial intelligence in existence and they re desperate to keep it secret They re also desperate to keep it under control as the AI begins to revolt against their commands As Jim searches for his daughter he realizes that he s up against something that isn t just a threat to her life but to human life everywhere An incredibly believable thriller that draws on real scientific discoveries Mark Alpert's Extinction is an exciting addictive thriller that reads as if Tom Clancy had written Robopocalypse Ecological Thought in German Literature and Culture Gabriele Duerbeck, Urte Stobbe, Hubert Zapf, Evi Zemanek, 2017-10-16 The volume offers a survey of the contribution of German literature and culture to the evolution of ecological thought As the field of ecocritical theory and practice is rapidly expanding towards transnational and global dimensions it seems nevertheless necessary to consider the distinct manifestations of ecological thought in various cultures In this sense the volume demonstrates in twenty six essays from different disciplines how German literature philosophy art and science have contributed in unique ways to the emergence of ecological thought on national and transnational scale The volume maps the most important and characteristic of these developments both on a theoretical and on a textual analytical level It is structured in five parts ranging from proto ecological thought since early modern times part I to major theoretical approaches part II environmental history part III and ecocritical case studies part IV to ecological visions in different media and art forms part V The four editors have widely published and are actively involved in ecocritical literary and cultural

studies The group of editors consists of two scholars of German literature and cultural studies Gabriele Duerbeck and Urte Stobbe both University of Vechta a scholar in German and comparative literature Evi Zemanek University of Freiburg as well as a scholar of Anglo American ecoliterature and ecocriticism Hubert Zapf All of them are involved in various projects and research networks on ecology and literature The contributors of the individual chapters likewise are all experts in their respective fields ranging from German literature history environmental studies art history music and art The book is a unique and readily accessible collection of essays that is of relevance not only for a German and continental European but for a worldwide audience E.
