(Ona) Janse van Rensburg,M. Erasmus,E. Mentz,C.B. Zulu,A. Cronje,E.K. Materechera,W.T. Dudu,A.T. Kanyimba,S.P. Raath,C. Kruger,A. Loubser,A.E. Pienaar,A. Kloppe,S. Ellis,N.T. Petersen,J. de Beer,J. Varughese,A. Seugnet Blignaut,C. Els,2016-12-31 This publication contains original research targeting scientific specialists in the field of education through research endeavours grounded on a philosophical basis as well as being embedded in the empirical The research methodology of each chapter emanates from applicable philosophical assumptions in the form of an applicable theoretical and conceptual framework The latter forms a firm basis for the application of sound empiricism The content of this book adds to the body of scholarly knowledge in education In his evaluation of the book Acting Executive Dean Faculty of Education and Training Professor Akpovire Oduaran made the following remarks To a large extent the ideas put together in this book have come from data generated not just from literature found in books and journals but actual interactions with educators and the learning environment So then what the reader is offered in this volume is the articulation of ideas that have been interrogated structured and presented in surprisingly simplistic and yet incisive and academically enriching content that can match the standards of scholarship that is available in the Western World Yet what makes this book so welcome relevant and timely is the fact that it is built around Afrocentric theories and practices such as one may find in imported literature **Teacher Development for Content-Based Language Education** Susan Ballinger,Ruth Fielding,Diane J. Tedick,2024-09-10 This book fills a large gap in our understanding of how to prepare teachers for the challenging but increasingly popular task of integrating content and language instruction It brings together findings on content based teacher education from Africa Asia Australia Europe and North America in order to inform researchers and teacher educators and enable them to play a critical role in the continued

success of such programs It offers a solid grounding in theories and applications of content based approaches with empirical studies investigating teacher identity materials design use of cognitive discourse functions and best practices for teacher education Responding to the growing popularity of content based programs and the shortage of qualified teachers for these contexts this book promotes teacher researcher collaboration and provides support for trainee teachers in service teachers and course leaders

Girls and Women in STEM Janice Koch,Beverly Irby,Barbara Polnick,2014-01-01 Encouraging the participation of girls and women in science technology engineering and mathematics STEM remains as vital today as it was in the 1970s hence the sub title A Never Ending Story This volume is about ongoing advocacy on behalf of the future workforce in fields that lie on the cutting edge of society s future Acknowledging that deeply embedded beliefs about social and academic entitlement take generations to overcome the editors of this volume forge forward in the knowledge that these chapters will resonate with readers and that those in positions of access will learn more about how to provide opportunities for girls and women that propel them into STEM fields This volume will give the reader insight into what works and what does not work for providing the message to girls and women that indeed STEM fields are for them in this second decade of the 21st century Contributions to this volume will connect to readers at all levels of STEM education and workforce participation Courses that address teaching and learning in STEM fields as well as courses in women s studies and the sociology of education will be enhanced by accessing this volume Further students and scholars in STEM fields will identify with the success stories related in some of these chapters and find inspiration in the ways their own journeys are reflected by this volume

Making it comparable David Waddington,Peter Nentwig,Sascha Schanze,2007 One of the most significant developments in school education in recent years has been the development and introduction of standards a subject of considerable controversy This book is the result of a symposium held in Kiel a symposium that was arranged by two leading science education groups one at IPN Leibniz Institute for Science Education at the University of Kiel in Germany and the other at the University of York UK The seminar brought together experts from 15 countries These countries include those that have extensive experience with the effects of standards on the educational system on individual schools and teachers and on students Other reports concern countries which are introducing them shortly and yet others on countries that are in the early stages of development of standards 11 are from Europe and the others are from Australia Israel Taiwan and the U S The book is divided into three parts In Part A two of the organizers set the scene describing the reasons for arranging the symposium and outlining the preparations and the work done at the meeting Part B contains 17 reports from the 15 countries and in Part C there are two summaries analysing the conclusions taken from two different vantage points The controversies surrounding standards remain However this book gives a succinct and authoritative overall account of the advantages and disadvantages of their introduction taken from the experiences of many countries

The Reality of Aid 1998-1999 Judith Randel,Tony German with Deborah Ewing,2013-11-05 NOW IN ITS SIXTH ANNUAL EDITION The Reality of Aid has for the

first time analysed the fair share of bilateral aid for basic social services basic education basic health reproductive health nutrition clean water and sanitation that should come from each donor an analysis which shows only two donors meeting their fair share and the G7 nations Canada France Germany Italy Japan UK US falling behind by over US 5 billion This year and next The Reality of Aid focuses on basic education as a right and not a privilege and its role in development cooperation and poverty elimination A key feature of The Reality of Aid 1998 1999 is the ten chapters offering analysis of development cooperation from the perspective of southern NGOs Many of these focus on basic education and raise issues around transparency gender and civil society If policies were programmes and promises were dollars The Reality of Aid could report great progress on the road to eradicating global poverty this year But at a time when donors acknowledge that ending poverty is possible it seems that commitments are being offered instead of resources and real change From the Summary Part I presents a useful Summary highlighting the steps that donors could take now to make progress towards poverty eradication and reviews the trends in development cooperation debt relief measures targeted towards the new millennium and commitment to the goal of ensuring basic education for all Part II gives a full report on the overseas aid performance of OECD country aid donors and the European Union over the last year Part III sets out a Southern perspective on development cooperation Part IV provides at a glance comparisons of donors aid outlook and commitment to development cooperation in the 21st Century poverty eradication gender and public support Part V contains handy reference material Throughout the book information is presented in easily interpreted diagrams and graphs The Reality of Aid has established itself as a unique source of independent evaluation and comment on aid policies and development It is indispensable for all in the field whether in the official or voluntary sectors Indispensable it gives you most of the hard facts you need to know about the major issues New Internationalist The most comprehensive and rigorous independent analysis of the aid and development policies of the world s wealthiest nations Essential reading Charity World The Reality of Aid remains an essential purchase by the libraries of development institutions and an invaluable reference for development practitioners Development Change A reliable watchdog for anyone interested in this important aspect of international relations ORBIT An accessible reference it encompasses many key issues and stimulates further research Commonwealth Comparative Politics Originally published in 1998
